HYDE'S LANDSCAPE SERVICE

To increase our facilities for serving our clients in Central California and elsewhere, we have recently opened our Oakland Office. This is in charge of Arthur B. Hyde, Landscape Architect, operating from this office; he is now serving San Francisco and the Peninsula, the East Bay, and Marin County. He can be called for work throughout Central California. Periodical visits to the Home Office at Watsonville, makes him available to the Monterey Bay Section.

His experience with the designing of many gardens in this part of the State has given him an enviable background with which he can be of service to you. A thoughtful plan for your new garden or a rejuvenation of your old, can save you much time, expense, and effort in attaining your ultimate results. Originality in design, and comfort, convenience, and utility to fit your personal needs will be the first consideration in your plan.

Consult with him at 910 Bank of America building, 12th and Broadway, Oakland; Telephone TEmplebar 1832.

We gladly offer to the residents of Central and Southern California the services of Henry R. Sander Jr. residing at 465 Lowell Avenue, Palo Alto; Telephone Palo Alto 21411. As our representative, he is well equipped to discuss with you your garden problems and offer helpful suggestions. A card in the mail or a phone call will bring you this service promptly. Each Spring and Fall, a portion of his time is spent in Santa Barbara, Los Angeles, Riverside and vicinity and if you live in these sections, he will be pleased to call when there.

TRANSPORTATION CHARGES:

Seeds—Postpaid everywhere.

Bulbs—Postpaid west of Rocky Mountains. Eastern points add 10%.

All other items are priced F. O. B. Watsonville. For mail shipment add 20%; express and freight will be sent collect. We will refund any overpayments you send us. We make no packing charges for retail orders.

BULBS

The Pacific Coast is the Home of Commercial Bulb Production for many items. For years, the H. A. HYDE COMPANY has enjoyed distinction among the largest growers and dealers, wholesale and retail, in domestic and foreign bulbous stocks. You can depend on our quality.

QUALITY—California garden conditions present a true test for Daffodils, Tulips and certain other Spring Flowering Bulbs. The top sizes, with few exceptions, and finest quality are necessary for maximum results. Extra quality bulbs are selected for our California trade which assures you of the best wherever you are.

GUARANTEE—While we guarantee all bulbs to be of the variety specified, true to color and to arrive in good condition, and hold ourselves in readiness on proper proof to replace free of charge all that may prove untrue to label, or refund the amount paid, it is mutually understood and agreed between the purchaser and ourselves that our guarantee of genuineness shall in no case make us liable for any sum greater than that originally received for said bulbs or other merchandise that may prove untrue.

Please advise immediately of any complaints.. Should any damage result through carrying agencies, we wish to know without delay so that we may make the proper replacements and not disappoint you in your needs.

Although Tulips, Daffodils and other spring flowering bulbs can be planted with good success as late as the last of December if the bulbs have been stored under ideal conditions, we recommend October and November as the best planting months.

PRICES—Prices for bulbs in this catalog are quoted postpaid to points as far as the Rocky Mountains. For greater distances, add 10%. If you overpay the transportation charges, we will refund the difference.

Six Bulbs sold at the dozen rate; 25 bulbs at the hundred rate. Quantity discounts on orders as follows:

Orders for 500 to 1,000 bulbs— 5% Discount

Orders for 1,000 to 1,500 bulbs—10% Discount

Orders for 1,500 bulbs or more—15% Discount

However, orders for mixtures and special collections cannot be included in computing these quantity discounts and we can give no special quantity reductions for mixtures because of their low quotations.

CULTURAL NOTES. We believe that no Bulb Catalog is complete without instructions for planting and care. We are BULB GROWERS in addition to our activities as BULB DEALERS and we cannot stress too heavily the proper attention to these details.

Commercial Daffodil Field in Oregon. Your bulbs will come from fields like this. Finest quality is assured.

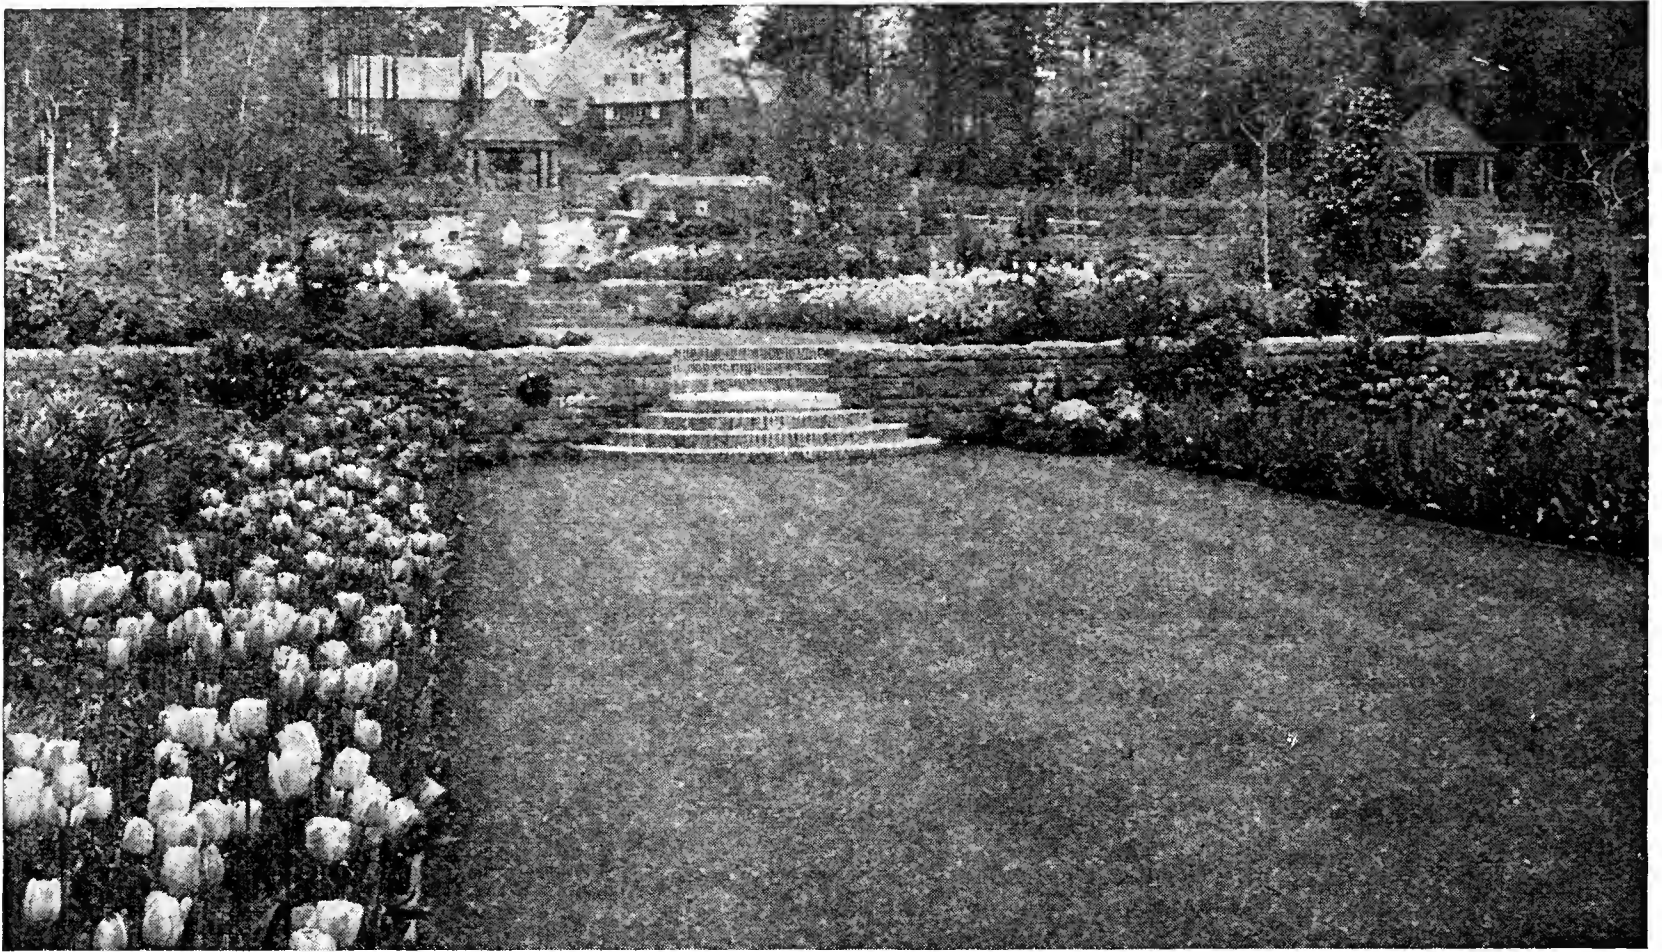

Production of Dutch Iris in Oregon and Washington States where the cool, moist weather prolongs the Spring season and furnishes our customers with stock free from mosaic troubles.

Coastal Valleys of Central California are the home of White Calla Lily production. A mild winter and cool spring-time gives a vigor necessary in first quality roots.

You will find instructions throughout this catalog but we wish to stress that all Bulb Gardens should not be allowed to dry out during the growing and flowering season. Only by careful attention to this detail can you achieve the maximum results. Remember that the plants obtain moisture through the roots and a damp surface condition does not necessarily mean that they have an adequate water supply. Keep them well watered.

LET US PLAN YOUR SPRING FLOWERING GARDENS. Our flowering records are available and a postcard from you will bring an answer or a representative to answer your many questions of flowering seasons, color and type characteristics, etc.

Intelligent selection of tulip varieties will prolong the Spring Blossoming Season and enhance the color scheme of the garden.

DAFFODILS—NARCISSUS

VARIETIES—The varieties here are but a few of the many hundreds available from the northern fields. We have carefully prepared this selection as representing full value for their cost and have tested their adaptability to gardens of the Pacific Coast. Write for prices on other varieties with which you may be familiar.

A few bulbs of the higher priced novelties will give unlimited satisfaction for many years to come.

FLOWERING SEASONS

As a general rule, the Polyanthus Narcissus are the first to flower, starting in December and followed first by the early Yellow Trumpets, then in order the Jonquils and Jonquil Hybrids, Poetaz, Incomparabilis, Leedsii and Late Trumpets, ending the season with the Barrii and Poeticus. The long flowering season of the Narcissus family extends from early December through April.

CULTURE

Our interest in your order goes beyond the shipping operation. We are anxious that the bulbs shall not only arrive in your hands in the best of condition, but we wish them to be planted right. Your strict adherence to a few simple rules of proper planting and care should give the greatest of joy and satisfaction in the results.

In cooler climates, daffodils should be planted on an average of six inches deep with a little sand under the bulbs to insure root development and to supply drainage. Heavy soils should be lightened by spading in peat to a depth of ten inches. Never let manure come in contact with the bulbs, although it is helpful to mulch the top of the ground with well rotted cow manure and Gaviota Fertilizer after planting.

Daffodils should do well in either sun or partial shade in cool climates. In warmer locations partial shade is preferable, and the bulbs should be planted at least eight inches deep. The ground should not be allowed to dry out after planting.

After flowering, the foliage must be left until thoroughly ripe; removing it before will jeopardize bloom the following year. If it becomes unsightly, it may be tied down and inter-planted ground covers will help to hide the foliage during the curing period. When thoroughly ripened, the tops may then either be cut off or the bulbs may be lifted and stored in a cool, well ventilated place until ready for replanting.

Protect the bulbs from sunburn while they are out of the ground.

Daffodils left in the ground, however will multiply and the ordinary summer watering will not affect them. If left in the flower border, they should be lifted and separated after three years. At such times, the bulbs should dry after digging for about three weeks; then

separate the loose side bulbs. However, you should understand that **ruthless division of the clumps injures the root bases**. Unless the main bulbs and off-shoots almost fall apart during the digging and handling, they should be replanted without separating. Daffodils which are used entirely for naturalizing effects should be left undisturbed indefinitely.

Many of these varieties are novelties and greatly limited in supply. **Early orders will insure delivery. SUBSTITUTIONS** will be made in case we are sold out of the variety you order unless you specify "no substitutions."

The following prices, except where noted are for No. 1 size double-nose bulbs, all of which should flower with two or more flower-stalks. You will find some varieties listed here as single-nose. We feel that those varieties are beyond the purse of many of our customers where offered in the top-size double-nose bulbs. We therefore call your attention to their prices in this round-nose size bulb. For double-nose bulbs in these cases add 25%.

Single-nose bulbs do not flower quite so profusely as the larger double-nose stock, but the flowers produced have as fine stems and blossoms and afford opportunity to include these finer novelties in the garden collection without as much cost.

While the time-honored standard varieties such as King Alfred, Tresserve, etc. are unsurpassed for the finest garden effects, there is a trend with our customers toward some of the newer magnificent, yet inexpensive sorts, especially in the large trumpet varieties. We have marked (*) these better sorts in an effort to help you make your selection from these strong growing, vigorous varieties.

YELLOW TRUMPET DAFFODILS

DUCHANEL—A beautifully balanced flower of giant size. Clear yellow; widely flaring trumpet deeply frilled.
\$1.00 each. \$10.00 dozen.

EMPEROR—A standard late daffodil of proven merit. Extends the flowering season in the garden.
\$.10 each. \$.75 dozen. \$5.50 per 100.

***HELOISE**—Creamy yellow; excellent form and substance.
\$.25 each. \$2.50 dozen. \$16.00 per 100.

***HECTOR TREUB** — Very early, uniform golden yellow.
\$.20 each. \$1.75 dozen. \$13.50 per 100.

Aerolite—Yellow Trumpet

AEROLITE—Large golden trumpet daffodil beautifully proportioned. One of the best keepers.

\$.15 each. \$1.50 dozen. \$11.00 per 100.

ALASNAM—Trumpet short but very wide and large. Deep, pure gold. Outstanding.
\$.30 each. \$3.00 dozen. \$22.00 per 100.

***BASSANIO** — Light yellow, well formed, overlapping perianth.
\$.30 each. \$2.75 dozen. \$20.00 per 100.

***DIONYSIUS**—Of fine proportions, uniform golden yellow.
\$.30 each. \$2.75 dozen. \$20.00 per 100.

Yellow Trumpet—Tresserve

(*) Exceptionally high quality Narcissus which we offer reasonably.

YELLOW TRUMPET DAFFODILS, Continued

KING ALFRED—Rich golden yellow of LONGEST STEM and finest form.
\$.15 each. \$1.25 dozen. \$10.00 per 100.

***KING ARTHUR**—Rich golden yellow.
\$.30 each. \$2.75 dozen. \$20.00 per 100.

KING LEAR—Light golden. Tall and well proportioned.
\$.35 each. \$3.50 dozen. \$25.00 per 100.

***LUCULLUS** — A self colored trumpet of great beauty and distinctive fragrance.
\$.30 each. \$2.75 dozen. \$20.00 per 100.

MATAMAX—A clear golden yellow. A strong, tall grower.
\$.15 each. \$1.75 dozen. \$13.50 per 100.

MINISTER TALMA—Uniform gold of fine form and trumpet beautifully frilled.
\$.15 each. \$1.25 dozen. \$9.00 per 100.

MUSTAPHA—Deep golden trumpet daffodil on long strong stem. Exceptionally large flower.
\$.30 each. \$3.00 dozen. \$22.00 per 100.

OBERON(Maryland)—A magnificent clear golden yellow with broad perianth and large graceful trumpet.
\$.35 each. \$3.50 dozen. \$25.00 per 100.

***PRINCESS JULIANA** — Early, golden yellow.
\$.15 each. \$1.50 dozen. \$10.00 per 100.

ROBT. SUYDENHAM—Very broad and overlapping perianth of clear primrose-yellow. Long, beautifully frilled trumpet of deep rich yellow.
\$.25 each. \$2.50 dozen. \$18.00 per 100.

SILONYX—Outstanding. Very tall growing, with long slim trumpet of deep gold and lemon yellow perianth.
\$.35 each. \$3.50 dozen. \$25.00 per 100.

TRESSERVE—A magnificent self yellow with IMMENSE trumpet. Combine with King Alfred for a longer blooming season.
\$.10 each. \$1.00 dozen. \$7.50 per 100.

WARWICK—A very rich golden trumpet daffodil; very early.
\$.30 each. \$3.00 dozen. \$22.00 per 100.

WHITE TRUMPET DAFFODILS

White Trumpet Type

ALICE KNIGHTS—Uniform creamy white.
\$.30 each. \$3.00 dozen. \$20.00 per 100.

EVE—Of good size and perfect proportions. A harmony in white and old ivory.
\$.50 each. \$5.00 dozen. \$35.00 per 100.

LA VESTALE—A giant daffodil; ivory white perianth and large rich cream yellow trumpet.
\$.25 each. \$2.50 dozen. \$20.00 per 100.

***COL. D'ANTERNES** — Giant pure creamy white. Very tall. Late.
\$.35 each. \$3.50 dozen. \$25.00 per 100.

EGGISHORN—Uniform creamy white, trumpet well expanded at brim and deeply flanged. Of medium height; useful to plant in front of taller varieties.
\$.35 each. \$3.50 dozen. \$25.00 per 100.

LOVENEST—A dainty trumpet nicely proportioned. Among the few in the "pink daffodil" class.
Single Nose—\$1.00 each. \$10.00 dozen.

✦ ————— ✦
MRS. R. O. BACKHOUSE — The famous "pink daffodil." A fine perianth of ivory white and beautifully proportioned long slim trumpet of apricot pink, shaded shell pink. Only a few years ago this lovely daffodil sold at \$50.00 per bulb. This is a real bargain for **THE OUTSTANDING GARDEN**.
 Single Nose—\$2.50 each. \$27.50 doz.
 ✦ ————— ✦

***POINT D'AIGU** — Tall, beautiful, creamy flower; strong grower and free bloomer. An excellent exhibition flower.
\$.35 each. \$3.50 dozen. \$25.00 per 100.

PRESIDENT CARNOT — A cream-white trumpet daffodil.
\$.40 each. \$4.00 dozen. \$30.00 per 100.

MME. DE GRAAFF—Very lovely and graceful.
\$.25 each. \$2.50 dozen. \$16.00 per 100.

***MATTERHORN**—An ivory daffodil of good form.
\$.35 each. \$3.50 dozen. \$25.00 per 100.

(*) Exceptionally high quality Narcissus which we offer reasonably.

BI-COLOR DAFFODILS

***ARCHIMEDES**—Fine flower of great substance; trumpet lemon-yellow.
\$.35 each. \$3.50 dozen. \$25.00 per 100.

***ATROPOS**—Giant yellow trumpet, heavily fringed, pleasing shades of yellow. A distinctive novelty.
\$.40 each. \$4.00 dozen. \$30.00 per 100.

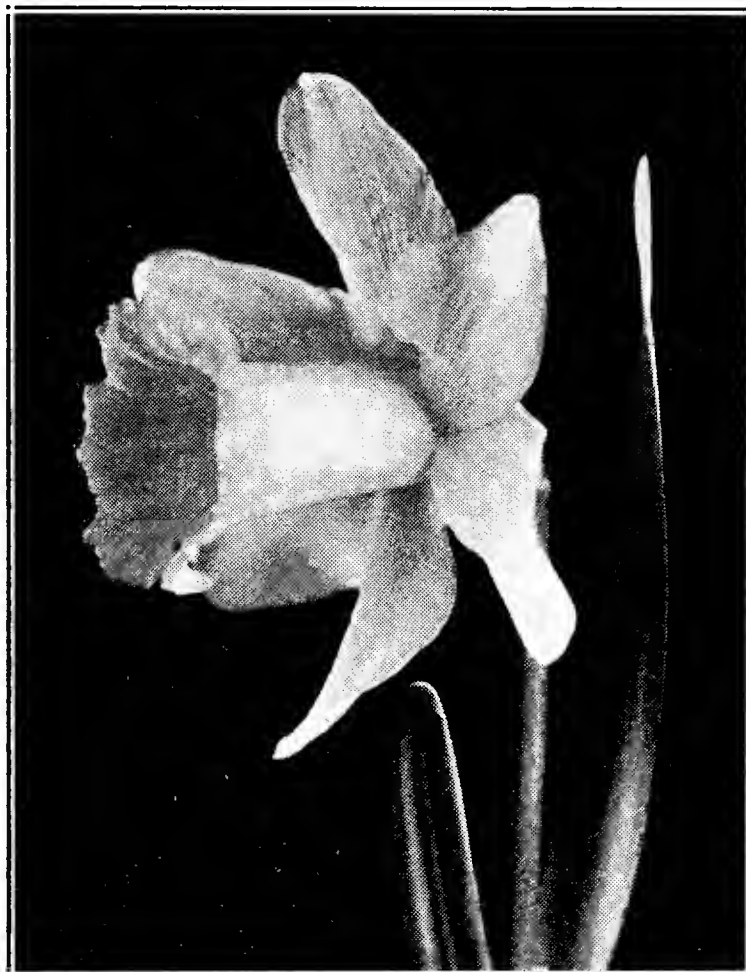

***COL. DU MOINE** — Pure white perianth, straight yellow trumpet. A good show flower.
\$.35 each. \$3.50 dozen. \$25.00 per 100.

***ERASMUS**—One of the wonderful new Bicolors of mammoth size; clear lovely colors both in the yellow trumpet and pure white perianth.
\$.35 each. \$3.50 dozen. \$25.00 per 100.

JEFTA—Delicately colored giant trumpet of fine rich lemon.
\$.40 each. \$4.00 dozen. \$30.00 per 100.

SPRING GLORY — A fine contrast with white perianth and gold trumpet.
\$.10 each. \$.75 dozen. \$5.50 per 100.

VAN WAVEREN'S GIANT — An enormous flower. Deep yellow trumpet and pale yellow perianth.
\$.20 each. \$1.75 dozen. \$13.50 per 100.

Spring Glory—Bicolor

SYLVANITE—Broad, overlapping creamy-white perianth and light canary trumpet.
\$.25 each. \$2.50 dozen. \$17.50 per 100.

INCOMPARABILIS NARCISSUS

A division of Narcissus with large cup (more than one-third the length of the perianth segments) generally tinged orange and red shades. Of striking color combinations.

Incomparabilis Type

* **CERBERUS** — Large, attractive yellow flower. A distinctive novelty.
\$.15 each. \$1.50 dozen. \$10.00 per 100.

***CROESSUS**—Light yellow perianth; broad rich orange fluted cup. A strong grower and free flowering. **OUTSTANDING.**
\$.20 each. \$1.75 dozen. \$13.50 per 100.

GALLIPOLI — Perianth yellow; cup deeply fluted to base, with a double frilled effect at edge; yellow shading to vivid orange.
\$.60 each. \$6.00 dozen. \$45.00 per 100.

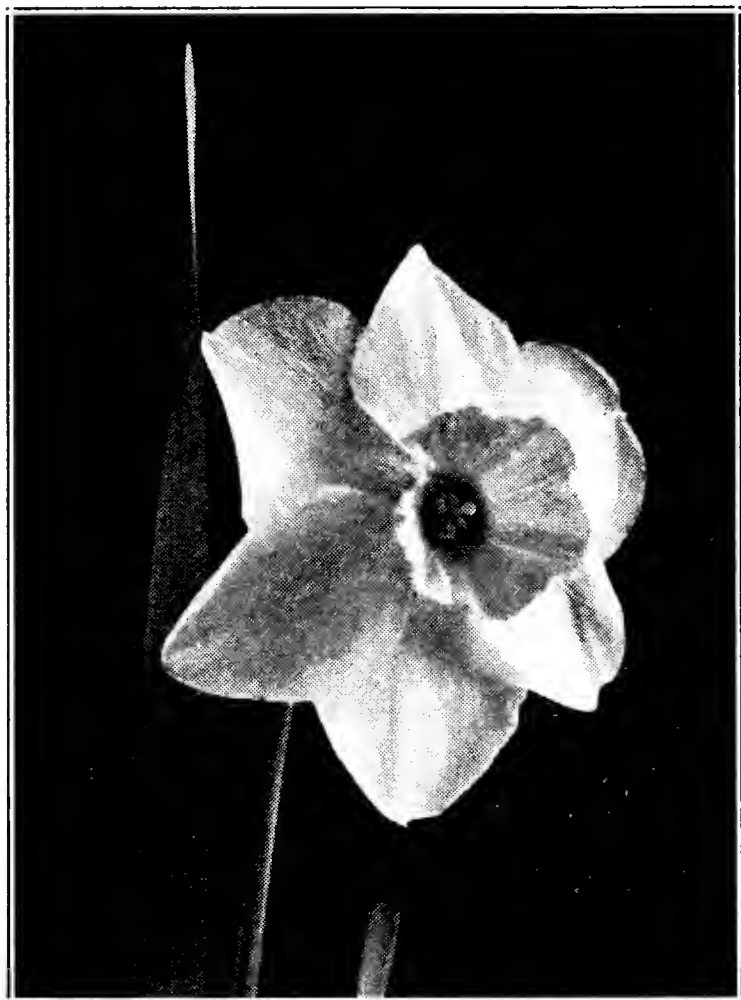

***JOHN EVELYN**—Pure white perianth, with wide flat golden cup. **BEAUTIFULLY FRILLED.** Free flowering and a good grower. One of the best.
Single Nose—\$.80 each. \$8.00 dozen. \$60.00 per 100.

LUCIFER — Narrow, separated ivory white perianth segments; small cup nicely tinged orange.
\$.10 each. \$1.00 dozen. \$7.50 per 100.

MI-CAREME—Very wide open cup nicely frilled. Rich golden. Outstanding.
\$.20 each. \$2.00 dozen. \$15.00 per 100.

(*) Exceptionally high quality Narcissus which we offer reasonably.

INCOMPARABLE NARCISSUS, Continued

Croesus—One of the finest Incomparabilis

STELLA PRATT — VERY RICHLY COLORED. Large deep orange trumpet shaded golden.
\$.40 each. \$4.00 dozen. \$30.00 per 100.

TORCH—Form and cup similar to Lucifer; perianth sulphur-yellow.
\$.15 each. \$1.50 dozen. \$10.00 per 100.

WHITEWELL — Stiff growing erect, holding its head well above the foliage. Ivory white perianth with frilled, deep yellow cup shaded orange.
\$.15 each. \$1.25 dozen. \$8.00 per 100.

WILL SCARLET—Medium sized white perianth with good yellow-ochre cup. The finest of the Red-cups for naturalizing and for rockeries.
\$.15 each. \$1.25 dozen. \$9.00 per 100.

PETRONIUS — Creamy white, star shaped perianth. Deep densely frilled trumpet; yellow outside and golden orange inside. Late.
\$.70 each. \$7.00 dozen. \$50.00 per 100.

SIR WATKIN — Sulphur yellow perianth, deep golden cup. Delightful flowering habit with head held up well on long strong stem.
\$.10 each. \$.75 dozen. \$5.50 per 100.

BARRII NARCISSUS

A division of Narcissus with small cup (less than one-third the length of the perianth segments) generally tinged orange and red shades.

***ALBATROSS**—A fine long stemmed flower with large white perianth and frilled citron cup edged red.
\$.15 each. \$1.25 dozen. \$9.00 per 100.

***ALCIDA**—A giant flower on long stem; pure white perianth, broad citron-yellow cup with blood-orange frill. Free flowering.
\$.25 each. \$2.25 dozen. \$17.50 per 100.

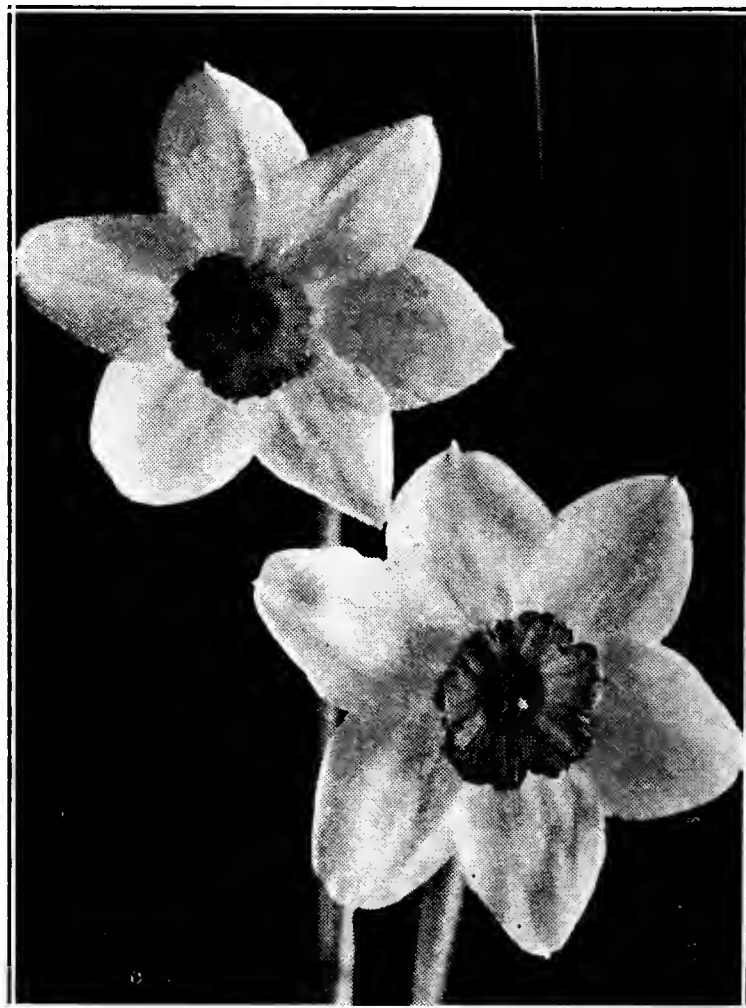

BATH'S FLAME — An early red-cup. Large yellow perianth with darker cup deeply edged orange scarlet. Very popular.
\$.15 each. \$1.50 dozen. \$10.00 per 100.

***DIANA KASNER** — Pure white perianth with large fluted yellow cup, deeply frilled blood red.
\$.20 each. \$1.75 dozen. \$13.50 per 100.

DOSORIS—Pure white perianth with small red-orange frilled cup; often two blossoms on each stem.
\$.10 each. \$.75 dozen. \$6.00 per 100.

FIRETAIL — Creamy-white perianth and small orange cup with scarlet frill. Flowers borne on tall stems. Popular and long lasting.
\$.35 each. \$3.50 dozen. \$25.00 per 100.

FRAU MARGARET HOHMAN — Creamy white perianth. Flaring lemon yellow cup with frilled red edge. Free flowering. Late.
\$.30 each. \$2.75 dozen. \$20.00 per 100.

Barrii Type

(*) Exceptionally high quality Narcissus which we offer reasonably.

BARII NARCISSUS, Continued

FREIFRAU — Tall stem with creamy perianth and flat yellow cup shading to deep orange.

\$.30 each. \$2.75 dozen. \$20.00 per 100.

LADY MOORE—Pure white perianth; yellow cup with orange frill. Is a large flower holding its color well; a favorite.

\$.15 each. \$1.50 dozen. \$10.00 per 100.

MRS. BARCLAY — Large flat reflexed and broad-petaled perianth; pale yellow changing to pure white. Flat primrose-yellow cup with orange frill.

\$.30 each. \$2.75 dozen. \$20.00 per 100.

NANNIE NUNN — Free flowering with creamy white perianth and clear orange cup.

\$.15 each. \$1.50 dozen. \$10.00 per 100.

NIOBE — Perfectly formed, broad petaled perianth of creamy white; flat eye, edged intense red-orange.

\$.25 each. \$2.50 dozen. \$17.50 per 100.

NURSEMAID—Pure white, broad and overlapping perianth. Cup fiery orange to scarlet, nicely frilled. Recommended.

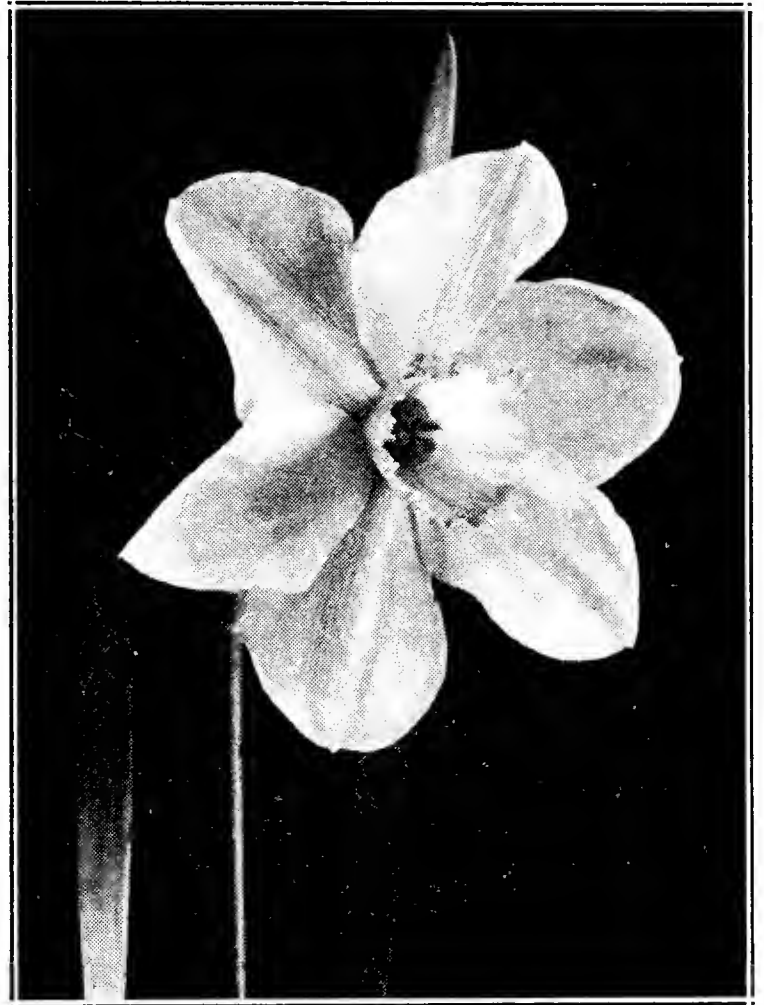

\$.30 each. \$2.75 dozen. \$20.00 per 100.

RED BEACON — Broad white perianth, frilled cup of orange.

\$.20 each. \$1.75 dozen. \$12.00 per 100.

SUNRISE—Clear deep yellow-orange cup. Pure white star-shaped petals. Free flowering. Apparently prefers shallow planting (about 4 inches).

\$.15 each. \$1.25 dozen. \$8.50 per 100.

Diana Kasner—Barrii

VILLAGE BEAUTY—Similar to Mrs. Barclay; extra fine perianth with light gold stripes. Cup yellow, frilled orange.

\$.35 each. \$3.50 dozen. \$25.00 per 100.

LEEDSII NARCISSUS

Very popular. Pure white perianth and small to medium trumpet of cream or white.

ARION—Broad pure white petals and small trumpet of rich yellow.

\$.20 each. \$2.00 dozen. \$15.00 per 100.

***HERA** — Glistening white perianth and a small well shaped cup. A strong favorite.

\$.15 each. \$1.25 dozen. \$8.50 per 100.

LAUGHING WATER — White perianth and light canary yellow cup. Finely proportioned and graceful flower held above foliage. Free flowering and excellent for naturalizing.

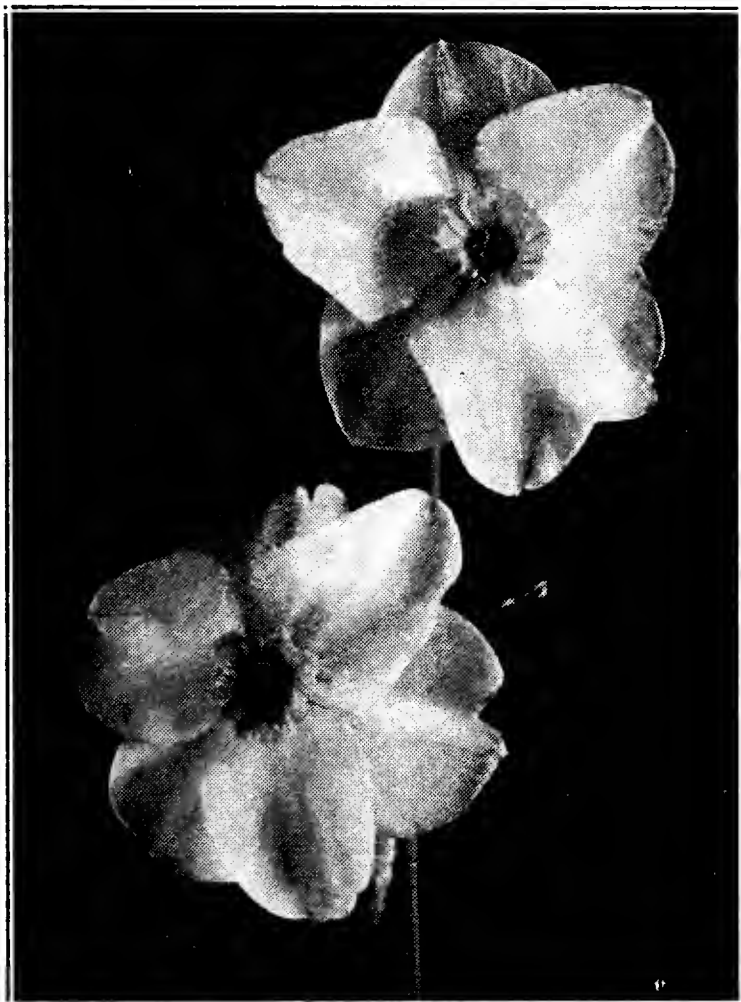

\$.15 each. \$1.75 dozen. \$12.00 per 100.

LORD KITCHENER—Free flowering. Beautifully formed with fine star-shaped perianth and broad creamy yellow trumpet. Very lasting.

\$.15 each. \$1.25 dozen. \$8.50 per 100.

LOUIS CAPET — Dainty narcissus. Recommended for the rockery. White perianth, light primrose cup. Its value lies in its grace and form.

\$.30 each. \$2.75 dozen. \$20.00 per 100.

Mermaid—Leedsii

(*) Exceptionally high quality Narcissus which we offer reasonably.

LEEDSII NARCISSUS, Continued

MME. DE MAINTENON — Creamy white perianth. Lemon-yellow cup, heavily frilled.

\$.20 each. \$2.00 dozen. \$15.00 per 100.

MERMAID — Large fluted white perianth with broad white cup beautifully flanged.

\$.20 each. \$2.00 dozen. \$15.00 per 100.

MRS. NETTIE O'MELVENY—Creamy white perianth. Light yellow cup with orange frill. Free flowering tall stemmed.

\$.15 each. \$1.50 dozen. \$11.00 per 100.

QUEEN OF THE NORTH — A tall delicate daffodil with white perianth and cream-yellow cup.

\$.15 each. \$1.25 dozen. \$8.50 per 100.

RICHARD COBDEN—One of the best Giant Leedsii.

\$.20 each. \$1.75 dozen. \$13.00 per 100.

***SILVER STAR**—A beautifully proportioned daffodil with frilled creamy white trumpet. Very free flowering. Highly recommended.

\$.20 each. \$1.75 dozen. \$13.50 per 100.

SIRDAR—A fine white perianth, clear yellow trumpet. Good form. Free flowering.

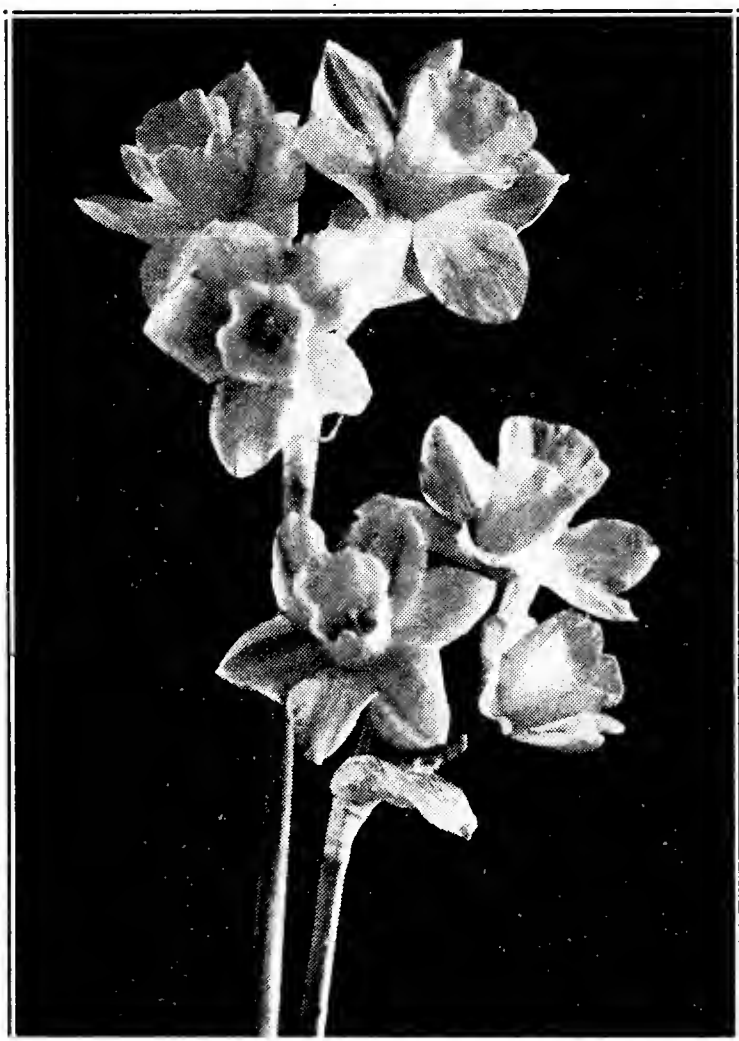

\$.20 each. \$1.75 dozen. \$12.00 per 100.

Silver Star. Very Popular Leedsii

JONQUILS

Small golden yellow flowers borne in clusters on wiry stem with reed-like foliage. Delightfully fragrant and fine for naturalizing.

Jonquil Hybrid:
Tullus Hostilius—Golden
or
White Wedgewood—Creamy

BUTTERCUP—Golden yellow overlapping perianth, straight yellow cup.

\$.10 each. \$1.00 dozen. \$7.50 per 100.

JONQUILLA SIMPLEX—Charming clusters of small rich yellow flowers of delicious scent. The true single sweet Jonquil.

\$.20 each. \$1.75 dozen. \$12.00 per 100.

ODORUS ORANGE QUEEN—Intense golden-orange flowers; usually three blossoms to the stem. Fluted cup. A favorite and highly recommended.

\$.15 each. \$1.25 dozen. \$8.50 per 100.

ODORUS CAMPERNELLI — Clusters of bright fragrant flowers. An excellent border narcissus. Starts flowering in January and continues into March.

\$.10 each. \$.75 dozen. \$5.50 per 100.

ODORUS CAMPERNELLI PLENUS—Small double golden flower clusters.

\$.10 each. \$.75 dozen. \$5.50 per 100.

JONQUIL HYBRIDS

Crosses between true Jonquil and Trumpet Daffodil with characteristics of both parents. Produces a medium sized flower of delicate fragrance usually two or more to the stem. Particularly desirable because of their long blooming season and lasting qualities. Each bulb produces four to ten flower stalks.

(*) Exceptionally high quality Narcissus which we offer reasonably.

JONQUIL HYBRIDS, Continued

GOLDEN SCEPTRE — Medium sized, perfectly formed flowers of deep yellow on tall stems. Long lasting when cut. A strong grower.

\$.15 each. \$1.10 dozen. \$8.00 per 100.

***TULLUS HOSTILIUS** — Similar to Golden Sceptre but generally with two or three of the small delightful trumpet flowers on the stems and the flowers are held above the foliage. Very late, free flower-

ing and gives a rich golden appearance to the flower bed.

\$.20 each. \$1.75 dozen. \$13.00 per 100.

***WHITE WEDGEWOOD** — Creamy white star-shaped perianth, cup cream-colored. A unique flower of fine form. A strong favorite and highly recommended. Size and form of Tullus Hostilius.

Single Nose. \$1.00 each. \$10.00 dozen. \$80.00 per 100.

POETICUS NARCISSUS

Characterized by a broad pure white perianth and small flat brightly colored cup or "Pheasant Eye." Very fragrant.

COMUS—Pure white perianth. Lemon-yellow cup, edged red, very flat and frilled. Medium height and excellent for the rockery.

\$.20 each. \$2.00 dozen. \$15.00 per 100.

EDWINA—Purest white perianth, broad and overlapping petals. Flat cup; yellow edged red. Finest form.

\$.35 each. \$3.50 dozen. \$25.00 per 100.

HORACE—Pure white perianth. Yellow cup edged red, attractive flower.

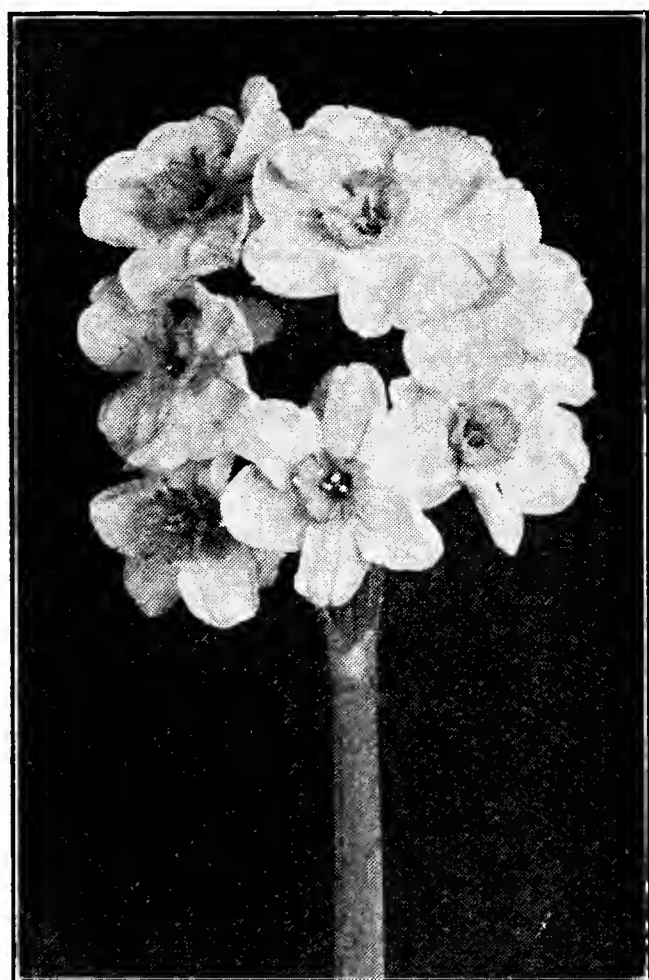

\$.15 each. \$1.25 dozen. \$8.00 per 100.

JULIET—Pure white petals; flat frilled cup with bright red edge.

\$.10 each. \$.75 dozen. \$5.00 per 100.

ORNATUS MAXIMUS—Snow-white, broad petals with flat bright red-edged cup. A fine lasting flower and unsurpassed for naturalizing.

\$.10 each. \$.85 dozen. \$6.00 per 100.

Laurenz Koster—Poetaz

Paper White—Polyanthus

NARCISSUS POETAZ New Hybrid Polyanthus Narcissus

A cross between Polyanthus and Poeticus types. Individual flowers much larger than Polyanthus with slight fragrance. Late flowering.

CHEERFULNESS—A pleasing double white poetaz.

\$.20 each. \$1.75 dozen. \$13.50 per 100.

***KLONDYKE**—Rich yellow perianth, darker cup.

\$.10 each. \$1.00 dozen. \$6.00 per 100.

(*) Exceptionally high quality Narcissus which we offer reasonably.

NARCISSUS POETZ, Continued

LAURENZ KOSTER — Creamy white perianth, golden cup. Free flowering and recommended.
\$.10 each. \$.75 dozen. \$5.50 per 100.

ORANGE CUP — Yellow perianth, nicely frilled orange cup edged red.
\$.10 each. \$1.00 dozen. \$7.50 per 100.

POLYANTHUS, or Bunch Flowered Narcissus

GRAND SOLEIL D'OR — In favored locations, blooms early December. Rich golden perianth with deep brilliant orange cup. Free flowering, showy, and a long lasting flower.
\$.10 each. \$1.00 dozen. \$7.50 per 100.

CHINESE SACRED LILY — Large flower. Clusters with white perianth and golden-

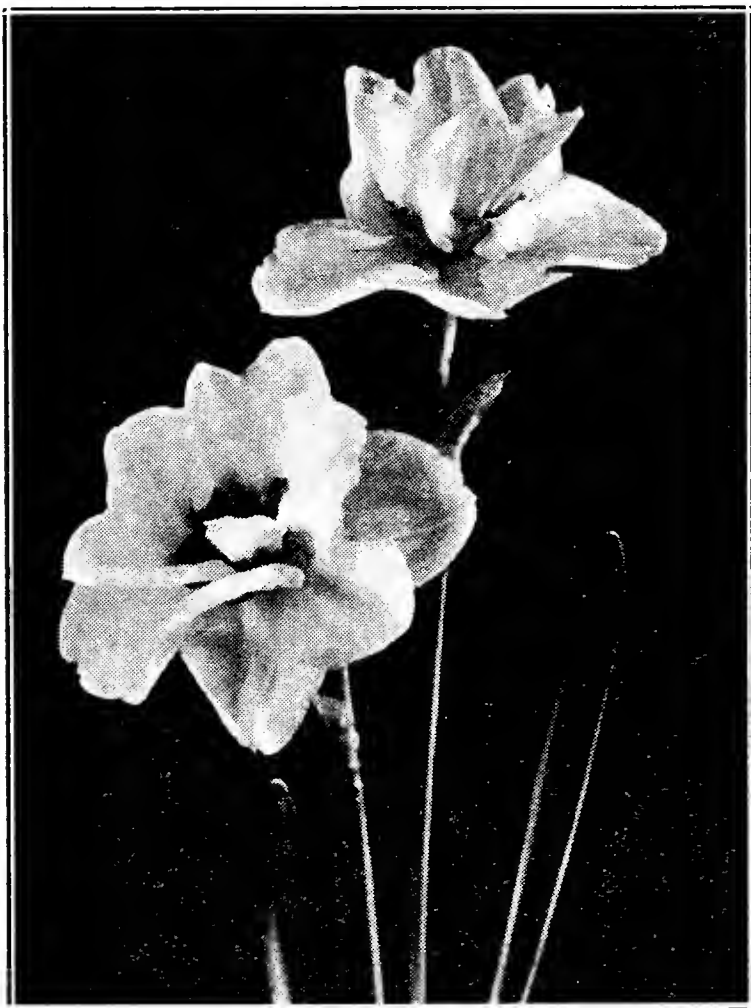

yellow cup; very fragrant. December flowering.
\$.10 each. \$1.00 dozen. \$7.00 per 100.

PAPER WHITE GRANDIFLORA — A free flowering narcissus excellent for naturalizing with clusters of snowy white fragrant flowers. December flowering.
\$.10 each. \$.60 dozen. \$4.00 per 100.

DOUBLE NARCISSUS

TWINK—A distinctive new double daffodil. Bright primrose petals interleaved with orange-scarlet. Long stems, free flowering; keeps well when cut. Rapidly becoming a favorite.
\$.25 each. \$2.50 dozen. \$18.00 per 100.

THE PEARL—Creamy white, not too double. A favorite.
\$.10 each. \$1.00 dozen. \$7.50 per 100.

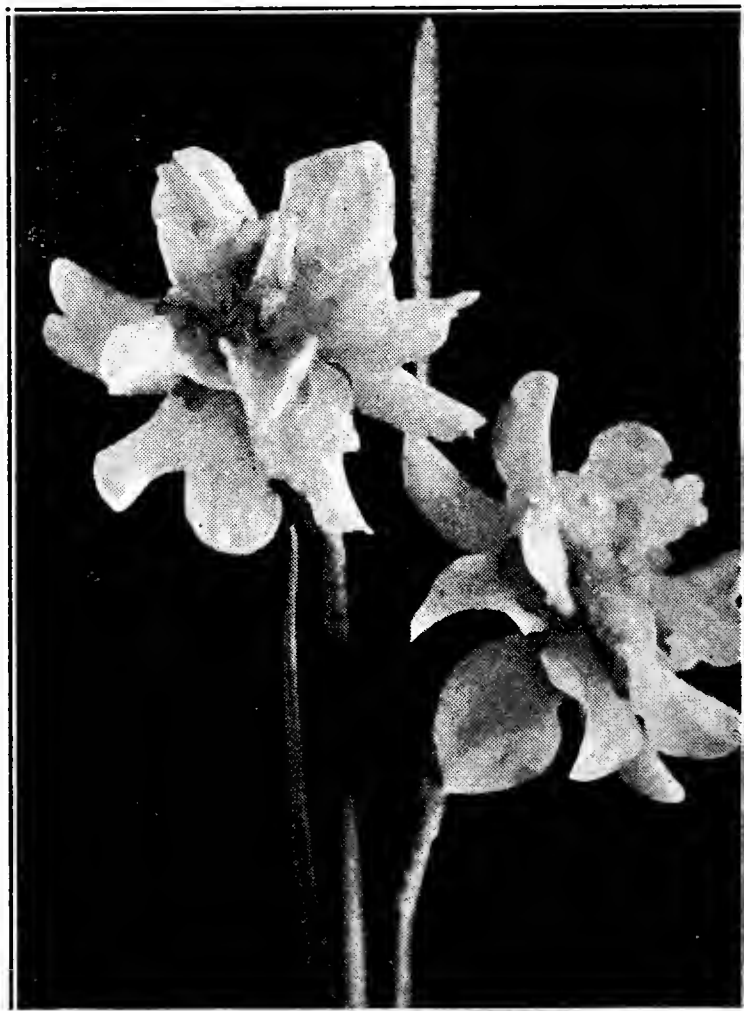

Mary Copeland
Flame and White Double Daffodil

ARGENT—Nicely formed flower of white and canary yellow.
\$.10 each. \$1.00 dozen. \$7.00 per 100.

DUBLOON—Longer petals of primrose, interspersed with shorter petals of canary yellow.
\$.15 each. \$1.25 dozen. \$9.00 per 100.

***MARY COPELAND**—Pure white petals interspersed with shorter petals of lemon and brilliant orange. A beautiful daffodil. Single Nose. \$3.00 each. \$30.00 dozen.

(*) Exceptionally high quality Narcissus which we offer reasonably.

Twink—Flame and Primrose Double Daffodil

SELECT NARCISSUS FOR THE ROCKERY

AGNES HARVEY—A dainty white daffodil of drooping habit. Free flowering and desirable for cutting.

\$.25 each. \$2.25 dozen. \$17.50 per 100.

***FEBRUARY GOLD** — Very early; golden-yellow perianth, trumpet fringed orange. Should be in every rock garden. Very free flowering.

\$.20 each. \$1.75 dozen. \$13.50 per 100.

MOONSHINE—A star-shaped creamy white cyclamen-flowered narcissus. Very beautiful and a great favorite for naturalizing and for the rockery. Blossoms with clusters of 2 flowers per stem.

\$.60 each. \$6.00 dozen. \$45.00 per 100.

MRS. ALFRED PEARSON — Dainty star-shaped flowers in generous clusters. White perianth and pale primrose cup.

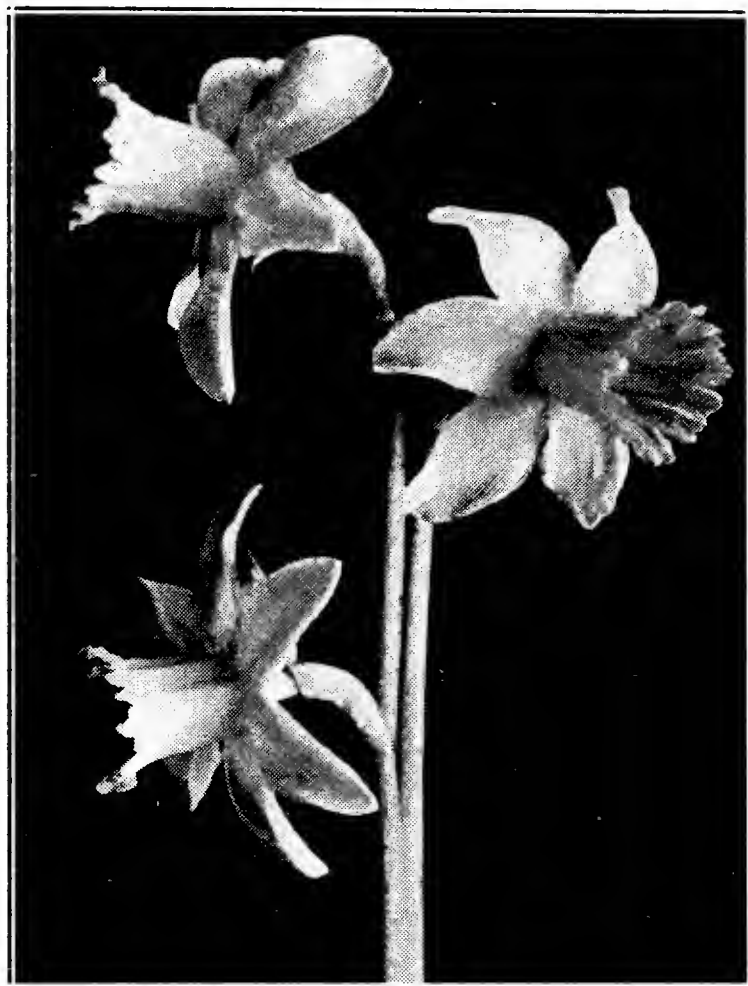

\$.30 each. \$3.00 dozen. \$22.00 per 100.

PEARLY QUEEN—Stems bear 2 or 3 star-shaped flowers with pearly white perianth and short clear lemon trumpet. Highly recommended.

\$.30 each. \$2.75 dozen. \$20.00 per 100.

TRIANDRUS ALBUS (Angel's Tears) — A white cyclamen-flowering narcissus preferring shade, a gritty soil and well-drained position with no manure.

\$.35 each. \$3.25 dozen. \$25.00 per 100.

February Gold—Cyclamen Flowered

SPECIAL DAFFODIL COLLECTION

Of primary importance in garden planting is the extension of the flowering season over a maximum time. We have carefully prepared the following special collection for this purpose and also with the intention of providing the best varieties for cut flowers. They are listed in order of flowering sequence.

We are certain that the following varieties will prove more than satisfactory and give our customers a very pleasant surprise as they are magnificent and yet inexpensive.

Collection A:

Silver Star (Leedsii)
Whitewell (Incomp.)
Diana Kasner (Barrii)
Laughing Water (Leedsii)

Point D'Aigu (White Trumpet)
Erasmus (Bicolor)
Lucullus (Yellow Trumpet)
Tullus Hostilius (Jonq. Hyb.)

Special Offer—12 bulbs of each of these varieties for \$12.50 (Regular Value \$15.25).

OTHER SPECIAL DAFFODIL COLLECTIONS

We offer reduced rates as follows on special collections to acquaint you with the newer and better varieties. They should appeal to you. Order these collections by number.

No. 1—Standard Collection—300 bulbs. Regular price \$31.50. Special price \$25.00.

50 King Alfred (Yellow Trumpet)
50 Tresserve (Yellow Trumpet)
50 Spring Glory (Bicolor)

50 Whitewell (Incomp.)
50 Silver Star (Leedsii)
50 Tullus Hostilius (Jonq. Hyb.)

25 bulbs of each of these varieties for \$14.00.

No. 2—Novelty Collection—144 bulbs. Regular price \$26.30. Special price \$22.00.

12 Dionysius (Yellow Trumpet)
12 Silonyx (Yellow Trumpet)
12 Col. D'Anternes (White Trumpet)
12 Archimedes (Bicolor)
12 Croessus (Incomp.)
12 Albatross (Barrii)

12 Alcida (Barrii)
12 Diana Kasner (Barrii)
12 Hera (Leedsii)
12 Silver Star (Leedsii)
12 Tullus Hostilius (Jonq. Hyb.)
12 Twink (Double)

6 bulbs of each of these varieties for \$12.50.

(*) Exceptionally high quality Narcissus which we offer reasonably.

OTHER SPECIAL DAFFODIL COLLECTIONS, Continued

No. 3—Yellow Trumpet Collection—200 bulbs. Regular price \$38.90. Special price \$31.00.

20 Aerolite	20 Heloise	20 Mustapha
20 Alasnam	20 Hector Treub	20 Oberon
20 Bassanio	20 Robt. Suydenham	20 Warwick
	20 King Lear	

10 bulbs of each of these varieties for \$16.50.

No. 4—White Daffodil Collection—200 bulbs. Regular price \$39.10. Special price \$32.50.

20 Eve (White Trumpet)	20 Mermaid (Leedsii)
20 La Vestale (White Trumpet)	20 Hera (Leedsii)
20 Col. D'Anternes (White Trumpet)	20 Lord Kitchener (Leedsii)
20 Eggishorn (White Trumpet)	20 Mme. de Maintenon (Leedsii)
20 President Carnot (White Trumpet)	20 Richard Cobden (Leedsii)

10 bulbs of each of these varieties for \$17.50.

No. 5—Special Novelties—19 bulbs. Regular price \$12.65. Special price \$10.00.

1 Duchanel (Yellow Trumpet)	6 Nursemaid (Barrii)
1 Mrs. Backhouse (Pink Daffodil)	1 White Wedgewood (Jonq. Hyb.)

6 Stella Pratt (Incomp.)	

No. 6—Rockery Collection—72 bulbs. Regular price \$12.50. Special price \$10.00.

12 Will Scarlet (Incomp.)	12 February Gold (Cyclamineus)
12 Odorus Orange Queen (Jonquil)	12 Mrs. Alfred Pearson (Triandrus)
12 Agnes Harvey (Triandrus)	12 Triandrus Albus (Triandrus)

6 bulbs of each of these varieties for \$5.50.

Naturalized Narcissus

SPECIAL DAFFODIL MIXTURES

We specialize in superior mixtures for group plantings, woodland naturalizing, or flower beds and borders.

Quality daffodils mixed at the discretion of the grower can be supplied at most reasonable prices. We class our mixtures as follows:

NATURALIZING MIXTURE—Varieties selected for free flowering qualities and early and late blooming to extend the natural flowering season.

FLOWER BORDER MIXTURE—Especially selected to afford cutting through a long season.

YELLOW TRUMPETS MIXED

BI-COLOR TRUMPETS MIXED

RED CUP VARIETIES MIXED

LEEDSII VARIETIES MIXED

BUNCH FLOWERED VARIETIES MIXED

Our Standard Mixture in any of the above classes is highly satisfactory.

Our Choice Mixture contains many of the higher priced novelties and the best of the standard varieties.

STANDARD MIXTURE—\$3.50 per 100. \$30.00 per 1,000.

CHOICE MIXTURE—\$9.00 per 100. \$75.00 per 1,000.

TULIPS

In the past few years, tulip prices for the finer varieties have been greatly reduced and the average garden is no longer restricted to the comparatively few well-known varieties. We offer in this list a complete selection of the finest varieties available at appealing prices.

We have carefully tested these and find them particularly adapted to Pacific Coast conditions.

We call your attention to a few tulips in this list marked with an asterisk (*). These are varieties of exceptional quality formerly offered only at rather high prices. You will find them quoted here very reasonably.

We do not list the early tulips. We have found them disappointing because of the very short stems and poor lasting qualities. We make two exceptions, however; the Keizerskroon since its color creates a demand, and the General DeWet because in addition to its early flowering behavior, the stem is of fairly good length.

TULIP CULTURE

While tulips grown in the full sun should give good results, it is best to plant them in partial shade. This is essentially true in very warm sections. This will protect them against unexpected warm spells during the growing and flowering season and should produce longer stems,, a longer blooming season, and prevent scorching of the flowers.

Lighten heavy soil with peat moss, avoid manure except as a mulch and spread a little sand under the bulbs when planting.

Tulips succeed best when planted at a **uniform depth** of from five to eight inches, according to soil conditions. This **uniform planting** is essential to insure all individuals of a given variety to bloom at the same time and to grow to a uniform height. This appearance is the essence of a perfect bed of tulips.

Tulips should be planted deep in California. Under ideal conditions, we have found them to succeed best with eight inches of soil covering them. Somewhat shallower planting is necessary under less favorable conditions and it is impossible to make this general recommendation for their best behavior. Drainage and care of the garden are important contributing factors. Tulips are happiest growing under cool, moist conditions to develop the best root system.

In California gardens, Tulip bulbs resent drying out. If they are to be transplanted, do not hold them on trays through the dry summer and early fall months. Replant them in their permanent locations immediately and the ordinary summer watering of the garden necessary for other plants is perfectly satisfactory for their best behavior.

The tulip bulbs which you purchase from us will be of the highest possible quality carefully grown by the world's finest producers and should give maximum results the first year. Following this season's bloom, we suggest moving them to a cut-flower garden where they may remain in the ground indefinitely to be used for picking. Under garden conditions, they cannot be indefinitely depended on and your plantings should be renewed each year to give the maximum satisfaction.

We stress the absolute necessity of the very finest quality Tulips for our exacting California conditions. Our Holland growers understand this and promise us the best of the Holland crops. Our Tulips should give you superior results regardless of where you live.

The following tulip prices are for strictly top-size Imported bulbs of exceptional quality.

We feel that it is less confusing to list tulips under their color classification than to

TULIP CULTURE, Continued

separate them into the general classes of Breeder, Darwin and Cottage varieties which includes all the sub-classifications of Super Breeders, Ideal Darwins, etc. Within the color groups, you will find the varieties listed as they grade through the color changes.

As a general rule, the Darwins contain the bright strong colored tulips, the Cottage are the pastel shades while the Breeders are the soft, darker shades of lilac, lavender, brown, orange, etc.

EARLY SINGLE TULIPS

KEIZERSKROON—Striped yellow and red.
\$.90 dozen. \$6.50 per 100.

GENERAL DE WET — Large sweet scented flowers, deep orange.
\$.75 dozen. \$5.50 per 100.

\$1.00 dozen. \$7.00 per 10.

The desired effect has no color limit. Many varieties will produce such a bed in your favorite colors

FARNSCOMBE SANDER — Darwin. Fiery scarlet.
\$.65 dozen. \$4.50 per 100.

CITY OF HAARLEM — Darwin. Pure scarlet.
\$.75 dozen. \$6.00 per 100.

FEU BRILLIANT — Darwin. Very large, brilliant scarlet.
\$.85 dozen. \$6.00 per 100.

***PRINCE OF WALES** — Darwin. Brilliant rosy-red.
\$.75 dozen. \$5.00 per 100.

PRIDE OF HAARLEM—Darwin. Bright red.
\$.65 dozen. \$4.50 per 100.

ECLIPSE — Darwin. Brilliant chestnut red.
\$2.00 dozen. \$14.00 per 100.

***GESNERIANA SPATHULATA** — Cottage. Brilliant fiery scarlet. Large flower with pointed petals on long strong stem.
\$.75 dozen. \$5.00 per 100.

WHISTLER—Darwin. Large vivid maroon-crimson.
\$.65 dozen. \$4.75 per 100.

ALLARD PIERSON — Darwin. Extra early. Rich velvety red. Fine stem.
\$.75 dozen. \$5.00 per 100.

KING HAROLD—Darwin. Dark crimson.
\$.65 dozen. \$4.50 per 100.

LA TULIPE NOIRE — Darwin. "The Black Tulip." Deep maroon, almost black.
\$.75 dozen. \$5.50 per 100.

A REAL BLACK TULIP

MYSTERY—Darwin. Glittering black. Large.

\$1.50 dozen. \$11.00 per 100.

YELLOW TULIPS

MOTHERSDAY — Cottage (Lemon Queen) Tall, light yellow. Late.
\$1.00 dozen. \$7.00 per 100.

ELLEN WILLMOTT—Cottage. Soft canary yellow flower. Long pointed petals. Medium stem.
\$.75 dozen. \$5.00 per 100.

***MOONLIGHT** — Cottage. A beautiful sulphur-yellow tulip. Tall.
\$.75 dozen. \$5.00 per 100.

ACUSHLA—Cottage. Clear buttercup yellow of shapely form.
\$1.25 dozen. \$8.50 per 100.

INGLESCOMBE YELLOW — Cottage. Of Darwin form. A beautiful clear waxy variety under favorable conditions.
\$.65 dozen. \$4.50 per 100.

***RETROFLEXA SUPERBA**—Lily flowering. Recurved rich golden petals.
\$1.00 dozen. \$7.00 per 100.

(*) Exceptionally high quality tulips which we offer reasonably.

YELLOW TULIPS, Continued

***ARETHUSA** — Cottage. Rich yellow, large and tall. One of the finest yellows.
\$.75 dozen. \$5.75 per 100.

***AVIS KENNICOTT**—Cottage. Long, graceful chrome-yellow with black base.
\$.75 dozen. \$5.00 per 100.

***MRS. MOON**—Cottage. Similar to Avis Kennicott, slightly smaller. Rich, clear yellow.
\$.75 dozen. \$5.00 per 100.

***ALASKA** — Cottage. Golden yellow; large, elongated flower.
\$.85 dozen. \$6.00 per 100.

GOLDEN HARVEST—Cottage. Large, bright yellow.
\$2.00 dozen. \$15.00 per 100.

BROCADE—Breeder. Golden yellow, bronze on outer petals.
\$2.00 dozen. \$14.00 per 100.

YELLOW PERFECTION — Breeder. Bronze yellow, shaded deep golden.
\$.75 dozen. \$5.00 per 100.

GOLDEN FLEECE—Darwin. Golden yellow; petals tipped bronze.
\$.85 dozen. \$6.00 per 100.

ARGO — Golden yellow. Slightly pencilled with orange.
\$.75 dozen. \$6.00 per 100.

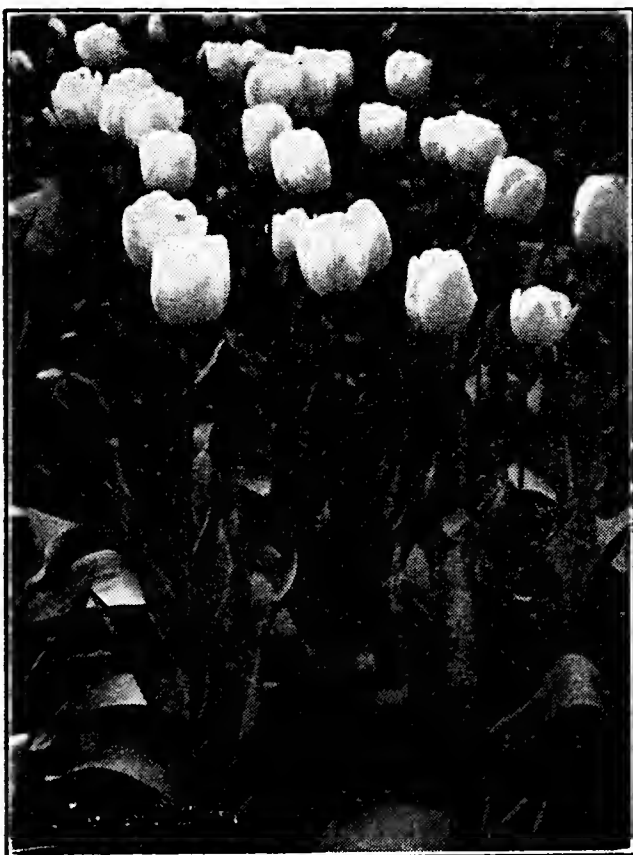

Alaska—Yellow Lily Flowering Tulip

WHITE TULIPS

MISS BLANCHE—Cottage. Creamy turning to waxy white. Darwin form. White stamens.
\$.85 dozen. \$5.50 per 100.

***LA SALLE** — Darwin. Cream, changing to pure white. Early.
\$1.25 dozen. \$9.00 per 100.

Zwanenberg—A strong growing white.

VESTA — Cottage. Long stemmed, purest white. Darwin form. Dark stamens.
\$.75 dozen. \$6.00 per 100.

ALBINO—Cottage. Lasting white of Darwin form. Ivory stamens.
\$.75 dozen. \$6.50 per 100.

***ZWANENBERG** — Darwin. A fine lasting white. Black stamens.
\$1.00 dozen. \$7.00 per 100.

CARRARA—Cottage. Purest white of perfect form. Ivory stamens.
\$1.00 dozen. \$7.00 per 100.

***HELEN EAKIN**—Darwin. The white perfection in tulips. Dark stamens.

\$.75 dozen. \$5.75 per 100.

HAMMER HALES—Cottage. Immense, long globular flowers of rich mahogany-brown, edged orange. Strong stems of medium length.
\$.75 dozen. \$6.00 per 100.

AMBROSIA — Cottage. Long stemmed, salmon orange shaded lilac rose.
\$.75 dozen. \$6.00 per 100.

JOHN RUSKIN — Cottage. Apricot rose shaded mauve.
\$.75 dozen. \$5.00 per 100.

HELOISE—Breeder. Purple strongly tinted with red sheen. Rich coloring.
\$.85 dozen. \$6.50 per 100.

***INDIAN CHIEF**—Breeder. Reddish purple flowers flushed coppery-brown on strong stiff stems.
\$1.50 dozen. \$10.50 per 100.

***JEANNE DESOR**—Cottage. Orange yellow and scarlet, late and large.
\$1.25 dozen. \$8.50 per 100.

PANORAMA—Breeder. Chestnut-red. Immense flower heads on strong stems of medium length.
\$.85 dozen. \$6.00 per 100.

LUCIFER—Breeder. A fine large flower of strong orange color on tall strong stems.
\$.75 dozen. \$6.00 per 100.

PRINCE OF ORANGE — Breeder. A fine strong orange.
\$.75 dozen. \$5.50 per 100.

DILLENBURG—Breeder. Lovely orange red with bronze yellow edge.
\$1.25 dozen. \$9.00 per 100.

***ORIENT**—Cottage. Carmine, shaded salmon with bright rose and orange edges.
\$.75 dozen. \$6.00 per 100.

***SARAZEN** — Darwin. Carmine red, shaded salmon bronze.
\$1.00 dozen. \$7.50 per 100.

GRENADIER — Cottage. Flower heads are large. Flowers with pointed petals of dazzling orange-scarlet. The most brilliant of all tulips. The stems are rather weak. An excellent rockery tulip.
\$.75 dozen. \$5.00 per 100.

***ADVANCE** — Cottage. A giant; fiery orange-scarlet. A hybrid from Gesneriana Spathulata and Tulipe Greigii with vigor and color characteristics of both. A very superior tulip; improved Grenadier.
\$2.75 dozen. \$20.00 per 100.

(*) Exceptionally high quality tulips which we offer reasonably.

PARROT TULIPS

COFFEE COLOR—Brown and yellow.

\$.75 dozen. \$5.00 per 100.

CONSTANTINOPLE—Red, shaded orange.

\$.75 dozen. \$5.00 per 100.

CRAMOISIE BRILLIANT — Deep crimson.

\$.75 dozen. \$5.00 per 100.

***FANTASY**—Bright rosy-scarlet to crimson pink.

\$1.15 dozen. \$8.00 per 100.

***LADY DERBY** — Delightful color shadings of lilac with lighter edge.

\$2.50 dozen. \$18.00 per 100.

LUTEA MAJOR — Yellow striped red and green.

\$.75 dozen. \$5.00 per 100.

MARKGRAAFF — Yellow inside, striped scarlet outside.

\$.75 dozen. \$5.00 per 100.

PERFECTA—Light scarlet, striped on greenish yellow.

\$.75 dozen. \$5.00 per 100.

TULIPS FOR THE ROCKERY

CLUSIANA—The Lady Tulip. White, cherry outside.

\$.75 dozen. \$5.00 per 100.

EICHLERI—Fiery scarlet red.

\$.85 dozen. \$6.50 per 100.

GREIGH—Glittering orange scarlet.

\$4.00 dozen. \$30.00 per 100.

HAGERI—Brown red.

\$1.50 dozen. \$10.00 per 100.

12 The Bishop (Violet)

12 Kathleen Parlow (Pink)

12 Marjorie Bowen (Salmon-pink)

12 Eunice (Pink)

12 Garibaldi (Bronze)

12 Cherbourg (Golden bronze)

12 Advance (Fiery orange-scarlet)

6 bulbs of each of these varieties for \$9.00.

(*) Exceptionally high quality tulips which we offer reasonably.

DUTCH HYACINTHS

The most natural, truly graceful Hyacinth plant is produced from medium size bulbs, classified as bedding size. This grade is the most suitable for outdoor planting in formal parks or in drifts. This is an economical size, allowing the gardener to plant more than with the expensive sizes. **Hyacinths lose** grace when the bulbs gain in size; **Tulips gain** grace and quality when the bulbs are stronger.

The strongest, richest effect will be achieved with the planting of Top Size bulbs. However, our Bedding Size is a liberal size for this purpose and will produce plants of exceptional grace and strength.

We also list a miniature Hyacinth; a much more economical size to plant and which grow very lovely, substantial blossoms.

TOP SIZE HYACINTHS—

\$.20 each. \$2.00 dozen. \$15.00 per 100.

BEDDING SIZE HYACINTHS—

\$.15 each. \$1.50 dozen. \$9.00 per 100.

MINIATURE SIZE HYACINTHS—

\$.10 each. \$.75 dozen. \$5.50 per 100.

HYACINTH VARIETIES:

General De Wet—Lovely soft light pink.

Lady Derby—Blush pink.

Queen of the Pinks—Rosy pink.

La Victoire—Deep carmine red.

L'Innocence—White.

Grand Maitre—Rich, strong blue.

King of the Blues—Dark blue; late.

Queen of the Blues—Lavender blue.

City of Haarlem—Large pure yellow.

Yellow Hammer—Creamy yellow.

FRENCH ROMAN HYACINTHS — White, pink, or blue.

\$1.25 dozen. \$10.00 per 100.

BULBOUS IRIS

DUTCH IRIS—

An ideal flower for garden and cutting use. Grows 18 to 36 inches on straight stems with reedlike foliage which dies down after the blooming season. Ideal to plant with tulips and daffodils.

Plant early and late blooming varieties at intervals from October to January to extend the flowering season from February to May.

Iris do well in the full sun as well as partial shade and should be given the same planting treatment as tulips.

Varieties — Arranged in order of their flowering season:

The First—Extra early. Dark blue.

\$.10 each. \$1.00 dozen. \$8.00 per 100.

Wedgewood—Medium blue. Early.

\$.10 each. \$1.00 dozen. \$8.00 per 100.

A. Bloemaard—Standards purplish blue; very large flower with lighter blue falls.

\$.65 dozen. \$5.00 per 100.

Adrian Backer—Uniform purple-lilac.

\$.75 dozen. \$5.00 per 100.

Theo Wyck — Light blue, early. Very desirable.

\$.60 dozen. \$4.50 per 100.

Yellow Queen — Rich clear golden yellow. Tall.

\$.60 dozen. \$4.00 per 100.

Poggenbeek — Uniform dark blue; an improved Emperor.

\$.60 dozen. \$4.00 per 100.

White Excelsior — Pure white with yellow shadings.

\$.60 dozen. \$4.00 per 100.

J. W. De Wilde — Identical in color with Yellow Queen; just a few days later. A strong grower.

\$.65 dozen. \$5.00 per 100.

Dutch Iris—A. Bloemaard

Leonardo Da Vinci — Creamy white standards. Canary-yellow falls with orange stripe. Very large and tall.

\$.60 dozen. \$4.00 per 100.

David Haring—Large white flower of great substance. Follows the season of white Excelsior. A tall, strong grower.

\$.60 dozen. \$4.00 per 100.

BULBOUS IRIS, Continued

Therese Schwartz—White and pale lavender. Delicate coloring.

\$.60 dozen. \$4.00 per 100.

S. De Vlieger (Blue Horizon)—Very broad and strong, light violet-blue standards; soft sky-blue falls.

\$.60 dozen. \$4.50 per 100.

ENGLISH IRIS—

Similar to Dutch Iris, but flower parts are heavier and they flower later. Ideal to follow Dutch Iris in the garden. Stock scarce, in case of shortage other varieties of similar color will be substituted.

Prices: Separate varieties—\$.15 each. \$1.50 dozen. \$10.00 per 100.

Choice Mixed—\$.10 each. \$1.00 dozen. \$7.00 per 100.

VARIETIES:

Mont Blanc—Pure White.

Orchid—Delicate orchid shadings.

Blue—Medium blue.

Imperator—Dark blue. Large flower on tall strong stem.

\$.60 dozen. \$4.00 per 100.

W. Verschuur (Indian Chief)—Violet standards tinged bronze. Bronze falls. An excellent novelty.

\$.80 dozen. \$6.00 per 100.

MIXED DUTCH IRIS—

\$.50 dozen. \$3.50 per 100. \$30.00 per 1,000.

Surprise—Dark blue.

Sunset—Silvery lilac, tinted rose.

IRIS RETICULATA — Deep violet, golden blotch. Early.

\$.20 each. \$1.75 dozen. \$12.00 per 100.

IRIS RHIZOMATOUS

NOTE: Rhizomatous Iris grow from underground divisions and prefer a more liberal moisture supply than the Bulbous Iris. Flowering season follows Bulbous Iris.

Prices, except where noted—All Species: Large clumps \$.50 each. \$5.00 dozen. \$35.00 per 100.

NATIVE LOUISIANA IRIS SPECIES —

Hardy beardless Iris in rich shades of orange, brown and red. Blade-like foliage from 3 to 5 feet with taller flower stems. Blossoms last several days as cut flowers. Prefer considerable moisture but do well in any average garden, in full sun or semi-shade. Apply plenty of peat and well rotted stable manure. Are especially suitable for the water garden, where the water does not freeze around them during the winter.

Choice Mixture \$.20 each. \$2.00 dozen. \$15.00 per 100.

IRIS OCHRALEUCA—Tall, growing 3 to 5 feet. Flowers white with golden yellow on falls. Several blossoms on each stem flower in succession.

IRIS OCHRALEUCA AUREA—Rich golden yellow form of above.

IRIS SIBERICA (Perry's Blue)—Four foot stems.

MINATURE BEARDED IRIS—To 1 foot or less. Fine for rockeries.

Clumps \$.25 each. \$2.50 dozen. \$16.00 per 100.

Varieties:

Atroviolaceae—Deep purple.

Cyanea—Purple.

Fairy—Light blue.

Florida—Clear yellow.

Pumila—Rich purple.

IRIS SUSIANA — Mourning Iris. Grows 1 foot or more. Flowers large; under color gray overlaid with purple-black patch, beard broad and brown with lighter standards.

\$1.25 each. \$12.50 dozen.

MISCELLANEOUS BULBS

AMARYLLIS—Plant October to November.

Belladonna—Pink.

\$.25 each. \$2.50 per dozen.

Hippeastrum Giant Hybrids—

\$.50 each. \$5.00 per dozen.

ANEMONES—Jumbo bulbs.

\$.50 dozen. \$3.50 per 100.

St. Brigid — Creagh Castle. Semi-double flowers of most brilliant and delicate shades.

DeCaen—Large single flowers in vivid colors.

His Excellency—Vivid vermillion with silvery white base.

Blue Poppy—Large beautiful blue flowers.

ANTHOLYZA HYBRID — Long scarlet tubular flowers in terminal spikes on graceful curving stems. Culture is the same as for gladiolus. Should be planted before November.

\$2.50 dozen. \$18.00 per 100.

BABY GLADIOLUS—Plant August to December.

\$.50 dozen. \$3.50 per 100.

Ackermanii—Warm orange scarlet.

Blushing Bride—White with carmine flakes.

Peach Blossom—Soft clear pink.

Pink Perfection—La France Pink.

The Bride—Pure white.

MISCELLANEOUS BULBS, Continued

Calla Elliottiana—Rich Golden

CALLA LILIES.**White**—Plant August to November.

\$.25 each. \$2.50 dozen. \$20.00 per 100.

Calla Elliottiana—Yellow Calla Lily—Plant February to March.

\$.25 each. \$2.50 dozen. \$20.00 per 100.

Pink Calla Lily—Dwarf. Plant February to March.

\$.50 each. \$5.00 dozen.

Maroon Calla Lily—Dwarf. Plant August to December.

\$.25 each. \$2.50 dozen. \$20.00 per 100.

CHIONODOXA—Glory of the Snow. Plant October to December three inches deep in masses. Prefer cool climate.

\$.35 dozen. \$2.50 per 100.

C. Luciliae — Clear blue with pure white center.**C. Sardensis**—Intense bright blue.**CROCUS**—Open brightly colored flowers on short stems afford bright color spots. Plant in masses. October to January. Yellow, blue, white or striped.

We offer Crocus at attractive prices as they should be planted freely.

Prices—Top size bulbs.

Mixtures as follows. \$2.00 per 100. \$15.00 per 1,000.

Mixed blue and purple.

Mixed white.

Mixed striped.

General Mixture.

CROCUS SPECIES — Persist better than Dutch Crocus in our California climate with mild winters.**Crocus korolkowi**—Earliest yellow.

\$.125 dozen. \$9.50 per 100.

Crocus sieberi—Pale lilac with orange center.

\$.100 dozen. \$6.00 per 100.

Crocus susianus—Cloth of Gold.

\$.25 dozen. \$2.00 per 100. \$17.50 per 1,000.

Crocus tomassinianus—Pale lavender blue.

\$.35 dozen. \$2.50 per 100. \$20.00 per 1,000.

Crocus versicolor—White penciled purple.

\$.35 dozen. \$3.00 per 100. \$27.50 per 1,000.

ERANTHIS HYAMALIS — Butter-yellow, winter flowering aconite.

\$.60 dozen. \$4.00 per 100. \$32.50 per 1,000.

FREESIAS — Should be planted August to October.**Purity**—White.

\$.25 dozen. \$2.00 per 100. \$15.00 per 1,000.

Golden Daffodil — Very large beautiful golden.

\$.30 dozen. \$2.00 per 100. \$15.00 per 1,000.

Marie Louise Fischer—Large blue.

\$.40 dozen. \$3.00 per 100. \$25.00 per 1,000.

Olivette—Rich carmen red.

\$.40 dozen. \$3.00 per 100. \$25.00 per 1,000.

Freesia

MISCELLANEOUS BULBS, Continued

Marc Peters—Rose.

\$.40 dozen. \$4.00 per 100. \$35.00 per 1,000.

Sunset—Orange.

\$.40 dozen. \$4.00 per 100. \$35.00 per 1,000.

Rainbow Mixture — A fine assortment of colors. No white.

\$.40 dozen. \$3.00 per 100. \$25.00 per 1,000.

Ranunculus—Giant Mixed

IXIAS — Brilliant flower sprays on wiry stems 12 to 18 inches. Blossom immediately after tulips.

Fine Mixture.

\$.50 dozen. \$3.50 per 100.

Striped Ixias—Striped pink and cream.

\$.25 dozen. \$2.00 per 100. \$15.00 per 1,000.

Ixia Bloem Erf.—A new hybrid Ixia growing 4 to 5 feet. Pinkish blue. May blooming. Its beauty lies in its graceful flower sprays.

\$1.00 dozen. \$7.00 per 100.

LEUCOJUM VERNUM — Snowflakes. Growing to 12 inches with hanging white bell flowers tipped green. Very effective in woodland plantings.

\$.50 dozen. \$3.50 per 100.

LEUCOCORYNE IXIODES ODORATA — **Glory of the Sun**—New and unusual Chilean bulb. Large fragrant flower heads on 12 to 18 inch wiry stems; blue with white center and golden stamens. Plant August to November four to five inches deep. Blooms in the garden from 4 to 6 weeks. Last 2 to 3 weeks as cut flowers.

\$.30 each. \$3.00 dozen. \$24.00 per 100.

MUSCARI—Grape Hyacinths.

Heavenly Blue.

\$.60 dozen. \$3.00 per 100.

M. Alba White.

\$.50 dozen. \$3.50 per 100.

M. Plumosum — Feathered Grape Hyacinth. Strong light blue flower with plume heavily feathered.

\$.50 dozen. \$5.00 per 100.

NERINE SARNENSIS—See Nerines, page ...

LOUISIANA NATIVE WHITE SPIDER LILY (*Hymenocallis occidentalis*)—Fragrant.

\$.20 each. \$2.00 dozen. \$15.00 per 100.

ORNITHOGALUM ARABICUM — Star of Bethlehem. Single white drooping flower. \$.65 dozen. \$5.00 per 100.

ORNITHOGALUM—AUREUM—Deep golden-orange. Keeping quality of flowers unbelievable to the extent of many weeks.

\$.15 each. \$1.50 dozen. \$10.00 per 100.

ORNITHOGALUM THYRSOIDES — Tall white.

\$.65 dozen. \$5.00 per 100.

RANUNCULUS—The separate colors offered here are not true without mixture. The varieties merely display a predominance of the color. We know of no one who can offer true separate colors without some mixture.

Jumbo bulbs—all varieties.

\$.50 dozen. \$3.50 per 100.

Giant Mixed.

Giant Gold—(True, no mixture.)

Giant Red.

Giant White.

SCILLAS—Resembling miniature Hyacinths.

Should be planted October to November about two inches deep in masses.

\$.40 dozen. \$3.00 per 100.

Scilla nutans—English bluebell. Blue, pink, or white.

Scilla campanulata—Wood Hyacinth. Blue, pink, or white.

SPARAXIS HYBRIDS MIXED — Free flowering in shades of orange, yellow, purple and cream.

\$.60 dozen. \$4.00 per 100.

Triteleia Uniflora—Blue

TRITELEIA UNIFLORA — Admirably suited to California conditions for mass plantings as borders or naturalizing. Somewhat resembles Chionodoxa flower but a lighter blue, larger and of longer stems. Pale violet blue with white center; delightful, delicate fragrance. Multiplies very rapidly.

\$.35 dozen. \$2.50 per 100. \$20.00 per 1,000.

MISCELLANEOUS BULBS, Continued

TIGRIDIA PAVONIA—Mexican Shell Lily. Mixed colors. Red, rose, lilac, yellow, orange. Plant November to April. Provide plenty of sun and water.
\$.15 each. \$1.25 dozen. \$10.00 per 100.

TRITONIA CROCATA — Flame Freesia. Blooms May-June.
\$.50 dozen. \$3.50 per 100.
Prince of Orange.
Salmon King.
Mixture—Pink, orange and red shades.

NEW BULBS FOR THE FOUR SEASONS

There is a fine opportunity this year to satisfy the desire to grow new plants. A wealth of material has come to us from Mexico and South Africa and we offer a good variety of little known or scarce bulbs. Some of them have been in cultivation for some time in a few of the oldest California gardens, but most of them will be strangers or at best, new friends to the average gardener.

ANOMATHECA CRUENTA (lapeyrousia)—Cape bulb growing like Freesia; small coral-pink flowers in clusters resembling pink bouvardias. A long blooming season.
\$1.00 dozen. \$7.00 per 100.

BABIANA PLICATA—Low growing, early spring flowering. Large lavender and cream colored flowers with strong, pleasant fragrance. Good for pots, borders and rock gardens.
\$.85 dozen. \$6.00 per 100.

BABIANA SULPHUREA—Cream and lavender.
\$.75 dozen. \$5.00 per 100.

BABIANA HYBRIDS — Fine mixture of colors between red and blue. Very good for borders.
\$.50 dozen. \$3.00 per 100.

BESSERA ELEGANS — Very pretty bell-shaped orange red flowers with purplish stamens in an interesting whorl-like umbel on a graceful wiry stem 18 to 24 inches tall. Blooms July to last of September. Very good as a cut flower.
\$1.00 dozen. \$7.50 per 100.

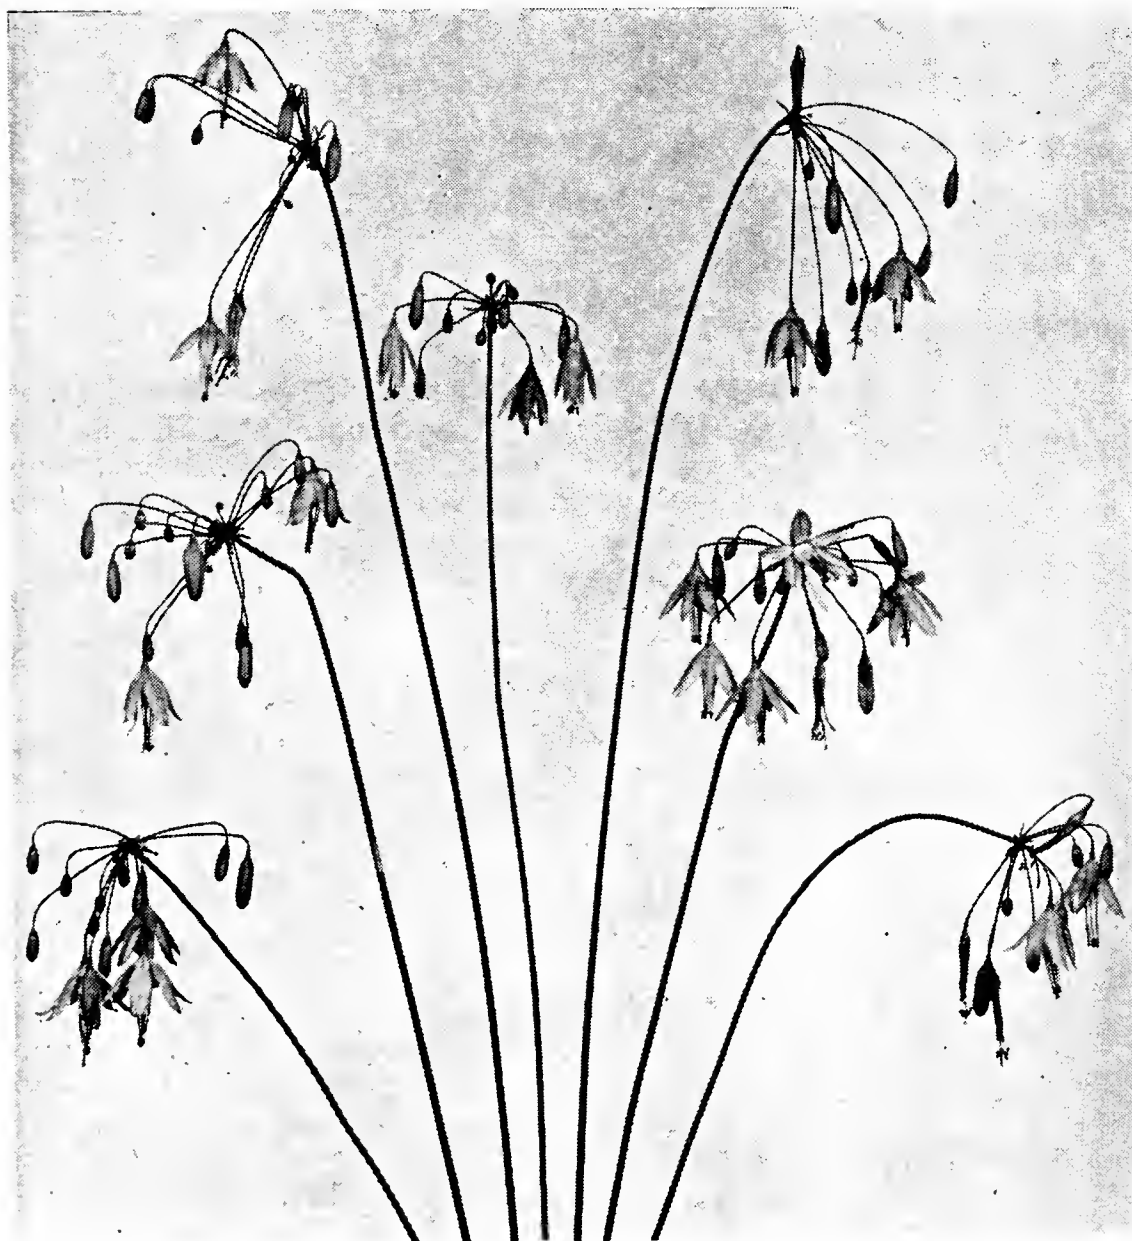

BLETILLA HYACINTHA LAVENDER — Hardy terrestrial orchid, blooming in spring. Dainty orchid-shaped flowers that cut well.
\$.80 each. \$8.00 dozen.

BLETILLA HYACINTH ALBA — White form of the above.
\$1.25 each. \$11.00 doz.

CHLIDANTHUS FRAGRANS—Bright yellow trumpet-shaped flowers on stems 12 to 15 inches tall that have a strong pleasant fragrance and cut well. Do not like to be disturbed and flower best when a little crowded. Keep dry in summer.
\$.15 each. \$1.25 dozen.
\$9.00 per 100.

GALTONIA CANDICANS — Giant Summer Hyacinth. Strong, erect stem four feet tall with splendid raceme of twenty or more large drooping white bell flowers. Effective for the perennial border. Summer flowering.
\$1.00 doz. \$7.00 per 100.

GLADIOLUS ALATUS Distinct type for hybridizing and rock gardens; large flowers, terra cotta with green

Bessera elegans—A summer flowering bulb that lends itself to attractive flower arrangements.

NEW BULBS FOR THE FOUR SEASONS, Continued

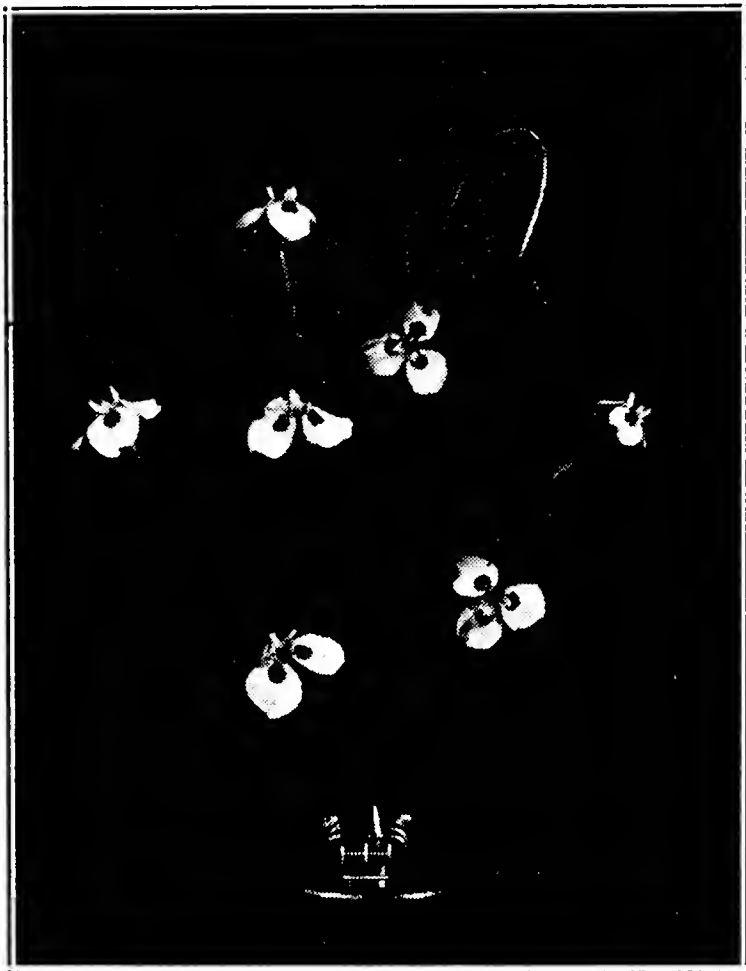

Gladiolus tristis concolor—Fragrant Gladiolus

on lower segments.

\$1.75 dozen. \$12.00 per 100.

GLADIOLUS TRISTIS CONCOLOR — Very pleasant fragrance at night; creamy white Baby Gladiolus flowers on thin wiry

Iris pavonia—Peacock Iris

stems. Spring flowering; excellent for cutting.

\$1.25 dozen. \$9.00 per 100.

GLADIOLUS TRISTIS HYBRIDS — Taller hybrids; many nearly white.
\$1.50 dozen. \$10.00 per 100.

Moraea polystachya

IRIS PAVONIA (Peacock Iris—Morea glaucopsis) — Very free blooming bulbous iris; white or light blue with peacock eye. Spring flowering. Fine for borders, pots and rockeries.

\$1.25 dozen. \$9.00 per 100.

IXIA BLOEM-ERF — New hybrid Ixia growing 4 to 5 feet. Pinkish blue. May blooming, following the other garden Ixias. Very graceful and a distinctive novelty.

\$1.00 dozen. \$7.00 per 100.

IXIA INCARNATA — A distinct novelty. Light blue, bell-shaped flowers on slender stems 18 to 24 inches tall. Strong very pleasant fragrance, blooms early and cuts well.

\$1.75 dozen. \$12.00 per 100.

LACHENALIAS (English Cape Cowslips) — Hardy in milder climates and showy in beds, borders and rock garden.

NEW BULBS FOR THE FOUR SEASONS, Continued

LARGE FLOWERED LACHENALIAS — Bear from one to two dozen pendulous fire-cracker-like flowers about one inch in length on stems 6 to 9 inches. Flower from late November to February.

Lachenalia Pendula Superba — Brilliant coral red flowers tipped green and purple. \$.40 each. \$4.00 dozen. \$30.00 per 100.

Lachenalia Rector of Cawston — Flowers scarlet, citron and green. \$.25 each. \$2.25 dozen. \$16.00 per 100.

SMALL FLOWERED LACHENALIAS — Small loosely borne flowers on a tapering spike 8 to 12 inches high.

Lachenalia Liliiflora — Shell-pink flowers with slight blue tinge. \$.30 each. \$2.75 dozen. \$16.00 per 100.

Lachenalia Mutabilis — Light hyacinth blue. \$.30 each. \$2.75 dozen. \$20.00 per 100.

LYCORIS RADIATA—Very interesting red nerine-like flowers 8 to 10 inches tall. Cuts well. Dry off after foliage dies in the spring. Flowers best if left undisturbed a few years. \$.25 each. \$2.50 dozen. \$18.00 per 100.

MILLA BIFLORA—A new introduction from Mexico where it is called Estrellitas, or Little Stars. Showy white waxy flowers opening out flat, about two inches in diameter. Faint apple-green stripe on each petal from tip to base. Very free blooming from July to September with a pleasant lily-like fragrance. A good cut flower. \$2.00 dozen. \$15.00 per 100.

MORAEA POLYSTACHYA — Light mauve flowers shaded violet. Bright yellow spot at base. Slender, wiry plant 18 to 24 inches. \$2.00 dozen. \$15.00 per 100.

MORAEA TRIPETALA — Slender, well branched plant. Flowers lavender, similar to M. Polystachya. \$.25 each. \$2.50 dozen. \$20.00 per 100.

Nerine Hera

NERINES

Apparntly most of the Nerine sarniensis offered by dealers are really Lycoris radiata. Nerines as a class flower more consistently. Within a few years we should have the true Nerine sarniensis to offer.

We offer here in addition to Nerine filifolia three other hybrids and species. Although they are in the higher price classes, they are truly marvelous sorts. The large, bold flowers appear to be sprinkled with silver dust.

Nerines should be planted before June and flower in the Fall. Our stock is very limited.

NERINE BOWDENI — Large pink flowers with rose colored line down each petal in umbels of 7 to 10 flowers. \$1.00 each. \$10.00 dozen.

NERINE HERA — Large brilliant rose-pink flowers with a deeper rose stripe down the center of the petals. Large umbels of 12 to 15 flowers. \$5.00 each.

(Continued on Page 30)

Nerine Bowdeni

TUBEROUS ROOTED BEGONIAS

Tuberous Rooted Begonias are one of our specialties. We use the finest of hybridized seed and grow our plants in the open fields to produce the hardiest tubers.

Begonia hybrid types are Single, Double, Frilled, Crested, Lloydii (basket or trailing), Fimbriata (Carnation), Fascination, Rose-bud and Marmorata.

Begonia color varieties are white, pink, rose, scarlet, crimson, yellow, salmon and orange.

Begonia bulbs are ready from January to May inclusive. The experienced gardener can start his bulbs in early February to produce the earliest of flowers in the spring. Prices of begonia bulbs; postpaid.

Jumbo Size—\$.25 each. \$2.50 dozen. \$20.00 per 100.

First Size—\$.20 each. \$2.00 dozen. \$15.00 per 100.

Bedding Size—\$.10 each. \$1.00 dozen. \$8.00 per 100.

Note—Large size tubers produce larger plants with more flowers and blossom earlier. The blossoms, however, are not larger than from smaller bedding size tubers.

SEEDLING PLANTS FOR LATER PLANTING

After the danger of frost is over late in May, we offer seedling plants to bloom in the garden from July to November inclusive.

Prices; prepaid to all California points: \$1.50 dozen. \$10.00 per 100. We ship seedlings successfully throughout the United States.

You may order bulbs and seedling plants in the above color and type assortments, but you must expect some color variation. The colors in the singles and frilled are uniform.

The double white, scarlet (bright red), crimson (dark red) and yellow varieties are true, distinct shades.

The double pink varies from light flesh and salmon colors through the darker shades of rose and carmine.

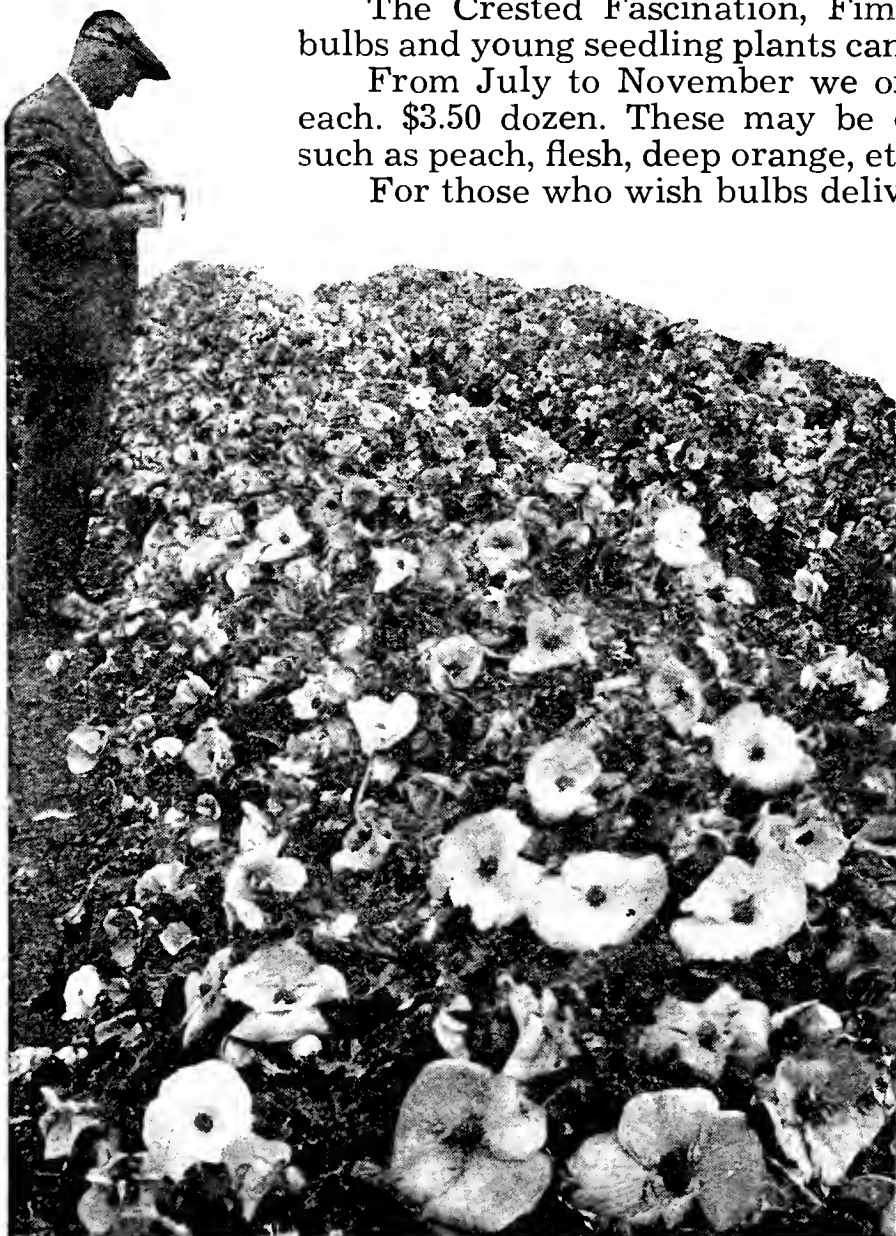

The double salmon varies from the pink through to the salmon and orange shades.

The double orange varies from the salmon through to the light and deep orange and orange-red shades.

The Crested Fascination, Fimbriata, Narcissus and Lloydii varieties in bulbs and young seedling plants can be furnished in mixed colors only.

From July to November we offer large field plants in full bloom at \$.40 each. \$3.50 dozen. These may be ordered according to true, distinct shades such as peach, flesh, deep orange, etc.

For those who wish bulbs delivered in the spring in distinct shades within the color variety, we will stake the bulbs in the field during the blossoming season and deliver these tubers at 50% increase above the regular bulb prices. Pay us a visit and stake the individual plants you desire.

Single

Crested

☞ If your soil is not suitable we can supply a SPECIAL COMPOST for potting or for use on

PLANTING AND CARE

In the spring the dormant tubers show pink swellings at the center of the crown. They should then be potted in rich loose soil, preferably leaf mold. Be sure the drainage is good and that the tuber is so placed that the top center is not far under the soil. Water sparingly until the first leaves form, increasing the moisture supply after that time as the plant develops. After they are well established they can be transplanted to the bed or boxes or grown on in the pots for house plants. The best growing soil seems to be a mixture one-third each of loam, leaf-mold or peat and well rotted cow manure. Barely cover the top of the tubers with soil. Too early or too deep planting may kill the tubers. Plant concave side up. They thrive in partial shade — such as window boxes having a northern or eastern exposure where they do not get too much direct sunlight—under oak trees—or in partial shade in the garden. As house plants do not put them too close to a window as the direct sun through the glass might injure the plant.

In the late fall when the tops die down water should be withheld until the plant dries out. The tubers should then be lifted, shaken free from the soil, or left in the pots, stored in a cool dry place, preferably a dark shelf, until planting time.

FOR CHRISTMAS—We put up attractive Christmas Gift Boxes of Begonia tubers at our regular prices, mailed postpaid. No gift is more highly appreciated by the garden lover.

Double (Camellia Flowering) Type

Double

Frilled

eds at a very low cost—this will insure a luxuriant growth. Ask for prices by the sack or pound.

NEW BULBS FOR THE FOUR SEASONS, Continued

(Continued from Page 27)

NERINE ROSEA CRISPA—Flowers similar to *Nerine filifolia* except a little lighter in color and petals more twisted.
\$.50 each. \$5.00 dozen. \$35.00 per 100.

NERINE FILIFOLIA—Free blooming dark pink flowers. Blooms outdoors in September and October. Stems 12-15 inches. Good for cutting and rock gardens.
\$.15 each. \$1.25 dozen. \$8.00 per 100.

SCHIZOSTYLIS COCCINEA (Kaffir Lily)—Fall blooming. Red flowers on stems 15 to 24 inches tall. Cuts well. Rhizomatous root soon makes clumps. Likes partial shade in hotter districts. Keep moist during the summer.
\$1.25 dozen. \$10.00 per 100.

SCHIZOSTYLIS MRS. HEGERTY—Taller than *Schizostylis Coccinea* and a beautiful clear pink. 2 foot stems.
\$.25 each. \$2.25 dozen. \$16.00 per 100.

SPARAXIS BULBIFERA—Yellow Sparaxis.
\$1.25 dozen. \$8.00 per 100.

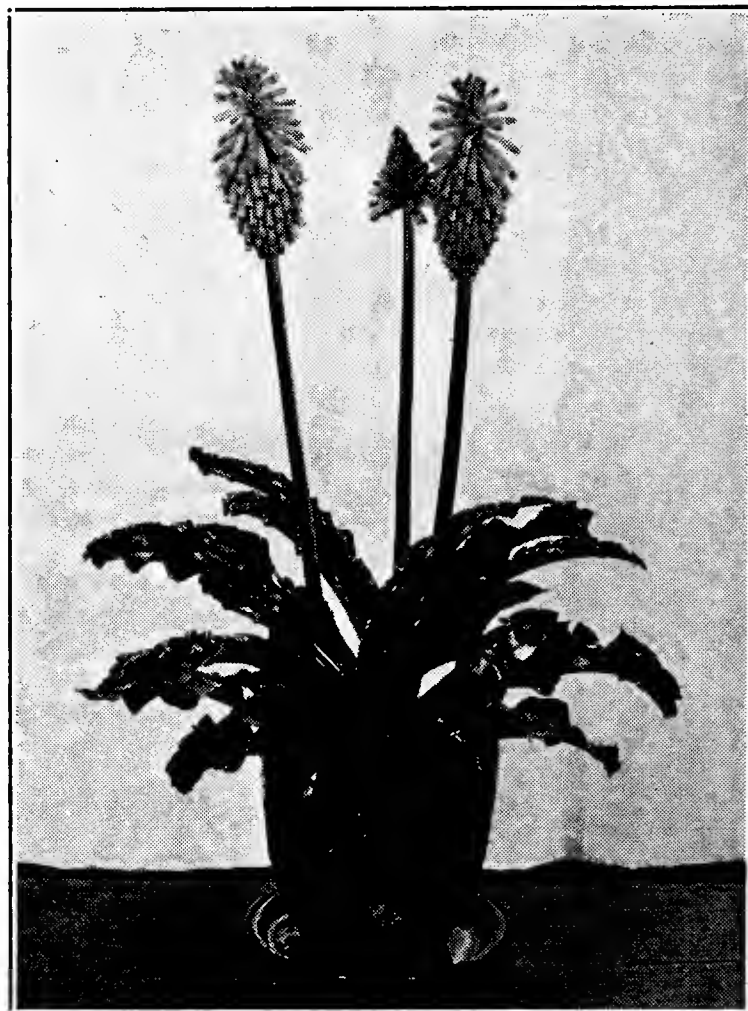

SPARAXIS HYBRIDS—Several shades of orange, yellow, purple and cream. Free flowering over a long period.
\$1.25 dozen. \$8.00 per 100.

STREPTANTHERA CUPREA—Brilliant new Cape bulb; foliage like *Tritonia*. Flowers open flat; brilliant orange-red with violet eye. Hardier than *Freesias* and more vivid than *Sparaxis*. Each bulb produces several spikes of bloom; 6 to 8 inches.
\$1.25 dozen. \$9.00 per 100.

TRITONIA—New Hybrids. A good mixture of pinks and salmons. Spring flowering.
\$.30 dozen. \$2.00 per 100.

VELTHEIMIA VIRIDIFOLIA—Cape bulb blooming in winter. Flower like *Tritoma* 1 to 1½ feet high with rose-colored tubular flowers. A very good pot plant.
\$1.00 each. \$10.00 dozen.

ZEPHYRANTHES AJAX (Zephyr Lily)—Light yellow lily-like flowers on 6 to 8 inch stems. Exquisite fragrance. Excellent for pots, rock gardens and borders.
\$.15 each. \$1.25 dozen. \$8.00 per 100.

Veltheimia viridifolia

HARDY LILIES

Lily bulbs are ready during the Fall and early Winter. They should be out of the ground a minimum of time and you should send us your order in advance to send you the stock when dug, cured and ready for shipment.

Spring planting is also satisfactory if the bulbs have been kept in good condition. If you are re-vamping your lily beds in the Spring, let us hear from you and we may be able to furnish your requirements at that time.

It is important to plant lily bulbs at their proper depth. Some are stem-rooting and others root merely at the base. We specify the correct depth for planting in this catalog.

Good drainage is necessary. The lily bed should be prepared to a depth of about two feet, providing a loose, friable mixture of loam, gravel, sand and leafmold with a bottom of stones and rocks. Care in preparation of the soil will be well repaid.

While lilies love the sun, they are greatly benefited by suitable ground covers to form a protective ground mulch. We recommend the following:

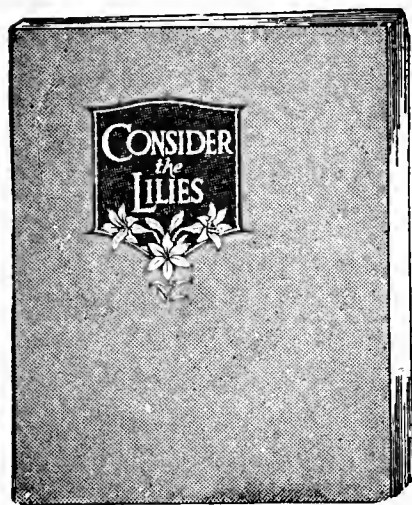

Achilleas, Ajuga reptans, Betonica grandiflora, many of the *Campanula* species, the *Dicentra Formosa* which forms a most delightful shade loving ground cover, the *Fragaria*, or trailing strawberries, *Helleboris*, or Christmas Rose, *Incarvillea* (Hardy Gloxinias) *Polemoniums* and *Potentillas*, *Ranunculus repens* (single and double) *Trollius Hybrids* and many of the *Veronica* Species.

Shrubs may also be planted advantageously for ground covers, among the most suitable being *Abelias*, *Rhododendrons*, and many of the low growing *Cotoneasters*.

Do not expect too much from your Lily planting the first year. A lily bulb must establish itself and build a strong root system before the top shows the finest growth.

HARDY LILIES, Continued

"CONSIDER THE LILIES"

No book ever published on Lilies has been so enthusiastically received by flower lovers.

Over one hundred varieties are described with complete history and cultural directions. A most interesting book to read, illuminated

with 67 magnificent colored plates.

There is only a limited supply of this book, which will be sent postpaid for \$2.00. Send us your order.

- L. AMABILE**—June flowering. Large fiery orange-scarlet flowers. Grows 3 to 4 feet. Plant eight inches deep.
\$.35 each. \$3.25 dozen. \$25.00 per 100.
- L. AURATUM PLATYPHYLLUM** — July-August. Does not lose vigor in the garden as the regular Auratum. Loves sun but thrives in partial shade. 8 to 10 feet. Plant 8 inches deep.
\$.50 each. \$5.00 dozen. \$40.00 per 100.
- L. BATEMANNAE** — July-August. Beautiful apricot shaded lily for sun or partial shade. Adaptable for an ordinary garden and for rockeries, growing to 3 feet. Plant 6 inches deep.
\$.50 each. \$5.00 dozen. \$35.00 per 100.
- L. CANADENSE**—June-July. Hanging bell-shaped yellow and orange to red flowers recurved. Excellent for naturalizing and prefers a ground cover, growing to 4 feet. Use for the rockery. Small bulbs which should be planted about 5 inches deep.
\$.25 each. \$2.50 dozen. \$18.00 per 100.
- L. CANDIDUM**—Madonna Lily—June-July. Stately white fragrant trumpet flowers. Plant in sunny location and cover bulbs with only about 2 inches of soil. Delightfully effective with Delphinium plantings. Grows to 4 feet.
\$.20 each. \$2.00 dozen. \$15.00 per 100.
- L. CERNUM** — June-July. Beautiful deep lilac-pink flowers deliciously fragrant, growing to 2 feet. Plant 8 inches deep.
\$.50 each. \$5.00 dozen. \$40.00 per 100.
- L. CHALCEDONICUM** — Scarlet Turksap Lily of Greece. June-July. Grows to 4 feet with intense waxy scarlet flowers. Do not expect much until established for a year and do not disturb. Plant only 4 inches deep in sunny location.
\$.25 each. \$25.00 dozen.
- L. COLUMBIANUM**—July. Minature golden yellow flowers spotted maroon. Plant 6 inches deep in leaf mold in a low moist but well drained situation. Grows to 3 feet.
\$.20 each. \$2.00 dozen. \$15.00 per 100.

- L. CONCOLOR**—June-July. Dwarf little lily growing only 18 inches high. Upright star-shaped deep crimson flowers with dark spots. Ideal for rockeries in full sun. Plant 5 inches deep.
\$.50 each. \$5.00 dozen. \$38.00 per 100.
- L. DAVIDII**—July. Cinnabar-red flowers. A strong grower, growing 4 to 6 feet.
\$.60 each. \$6.00 dozen. \$45.00 per 100.
- L. DAVURICUM** — June-July. Full sun in any fair garden soil. Erect umbels of 3 to 5 rich orange flowers flushed red. Plant 5 inches deep. Grows 2 to 3 feet.
\$.50 each. \$5.00 dozen. \$40.00 per 100.
- L. ELEGANS** — June-July. Large open flowers in shades from citron-yellow to deep blood-red; most effective for massing. Thrive in ordinary gardens but prefer a light sandy loam and will endure lime. Small bulbs and should be planted about 8 inches deep. Grows 1½ to 2 feet. Very useful for rockeries.
\$.20 each. \$2.00 dozen. \$15.00 per 100.
- L. HANSONI**—June. One of the easiest cultivation, thriving in almost any soil and tolerating lime. Free flowering with handsome yellow blossoms. Prefers leaf mold and partial shade. Grows 3 to 4 feet. Plant 8 to 10 inches deep.
\$.25 each. \$2.50 dozen. \$18.00 per 100.
- L. HENRYII** — July-August. The Orange Speciosum. A strong grower thriving in any soil including lime. Grows 5 to 8 feet. Plant 10 inches deep.
\$.20 each. \$1.75 dozen. \$12.00 per 100.
- L. HUMBOLDTII** — June-July. Thrives in moist well-drained peaty soil protected from winds. Grows to 5 feet with rich orange flowers spotted maroon. Plant 5 inches deep.
\$.50 each. \$5.00 dozen. \$40.00 per 100.
- L. JAPONICUM** — June-July. One of the few pink lilies. Not of strong constitution, but does well with care. Thrives planted about 8 inches deep among low growing azaleas. Long tubular pale pink flowers on 3 to 4 foot stems.
\$.50 each. \$5.00 dozen. \$30.00 per 100.
- L. MARTAGON** — A group of lilies with flowers borne remarkably in whorls. The branching spike is upright bearing nodding compact flower racemes hanging downward. Called Turksap Lilies. June flowering. Suitable for rockeries. Plant 4 inches deep; grow to 5 feet.
- L. Martagon Album**—Pure waxy white.
\$.50 each. \$5.00 dozen. \$35.00 per 100.
- L. Martagon Hybridum**—Turksap Lilies in many colors.
\$.50 each. \$5.00 dozen. \$35.00 per 100.
- L. PARDALINUM** — Leopard Lily — July. Free flowering, resembling our Wild Tiger Lily (*T. splendens*) but of smaller flowers more profusely borne. Succeeds in sun or shade in moist soils where lime is not too prevalent. Tends to become crowd-

HARDY LILIES, Continued

ed and should be lifted and divided every three or four years. Plant 5 inches deep; grows 4 to 6 feet.
\$.30 each. \$3.00 dozen. \$20.00 per 100.

Lilium philippinense formosanum

L. PHILIPPINENSE FORMOSANUM—Long flowering season August until heavy frost. Graceful; white with faint brown and lavender tinge on outside of petals. Deliciously fragrant. Height about two feet increasing each year until the large bulbs grow very tall. Elegant, graceful and highly recommended for its hardiness.

\$.25 each. \$2.50 dozen. \$20.00 per 100.

L. POMPONUM — June. A brilliant red Turksap Lily. Tolerates lime in full sun, growing to 4 feet with 10 to 12 scarlet wax-like flowers. Plant 5 inches deep.

\$1.50 each. \$15.00 dozen.

L. REGALE—July. Very hardy and vigorous. Pleasingly fragrant white flowers shaded brown and rose. Plant 9 inches deep.

\$.15 each. \$1.50 dozen. \$10.00 per 100.

L. RUBELLUM—June. A delightfully pink large flowering lily. Excellent for rock gardens, growing to 1½ feet. Plant 6 inches deep.

\$.30 each. \$3.00 dozen. \$24.00 per 100.

L. RUBESCENS—June-July. Considered by many as our most delightful lily with its deliciously fragrant tubular white flowers dotted purple, but changing to deeper purple. Plant 5 inches deep; grows 3 to 5 feet.

\$.50 each. \$5.00 dozen. \$40.00 per 100.

L. RUBRUM — August - September. Deservedly one of the most favorite lilies. Large open recurved white flowers flushed pink with carmine spots. Plant 10 inches deep; grows 4 to 5 feet.

\$.25 each. \$2.50 dozen. \$16.00 per 100.

L. SUPERBUM—August. Orange to crimson-orange. Very free flowering, growing to 8 feet. Plant 5 inches in moist peaty soil with ground cover.

\$.25 each. \$2.50 dozen. \$20.00 per 100.

L. TENUIFOLIUM—Coral Lily. June. Grows 18 to 24 inches with many deep scarlet, waxen recurved flowers. A charming lily for rock gardens, thriving in partial shade and tolerating lime. Plant 6 inches deep.

\$.10 each. \$1.00 dozen. \$7.00 per 100.

L. TENUIFOLIUM GOLDEN GLEAM — A golden-apricot form of the above with somewhat more robust constitution.

\$.40 each. \$4.00 dozen. \$30.00 per 100.

L. TESTACEUM—June-July. Plant about 3 inches deep among a protecting low ground cover. Grows to 6 feet with true Nankeen yellow or dark apricot flowers. Especially effective against green background of shrubbery or tall Delphinium.

\$1.00 each. \$10.00 dozen.

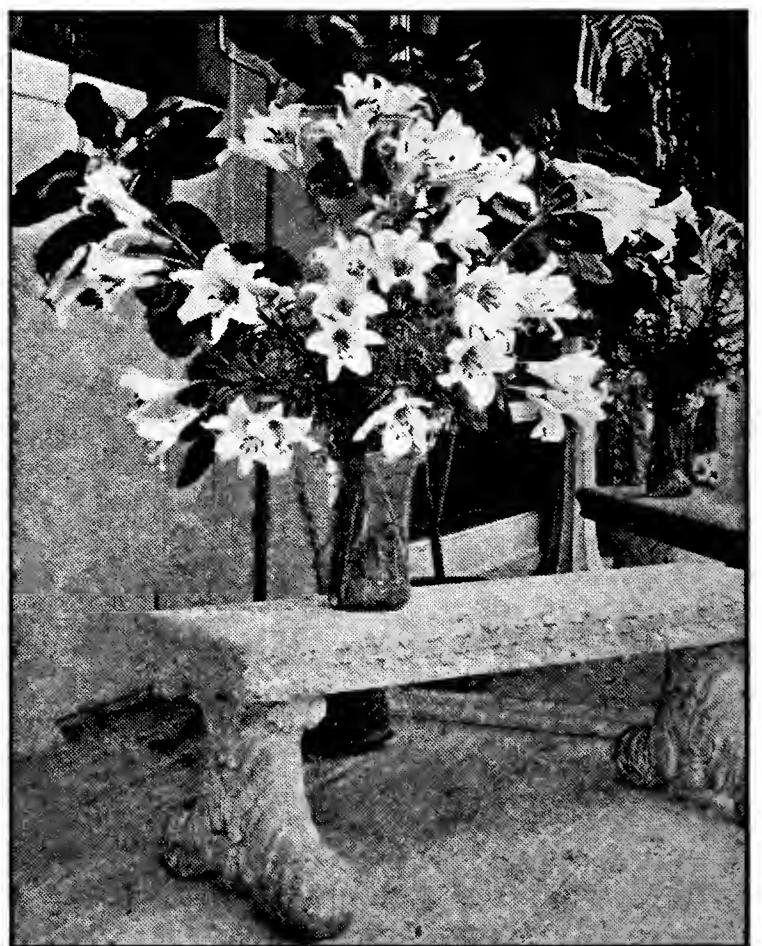

L. TIGRINUM SPLENDENS — Tiger Lily. One of the oldest and best known lilies. Adaptable to any good garden soil. Plant 9 inches deep. Grows 4 to 6 feet. September flowering.

\$.20 each. \$2.00 dozen. \$15.00 per 100.

L. TIGRINUM FLORE PLENO — Double flowering form of the above.

\$.30 each. \$3.00 dozen. \$22.00 per 100.

L. UMBELLATUM—June. An early flowering group of lilies with large yellow orange and crimson umbellate flower heads. Plant 8 inches deep. Will grow to 2½ feet.

Lilium regale

HARDY LILIES, Continued

- L. Umbellatum grandiflorum**—Huge bright orange-red flower heads.
\$.25 each. \$2.50 dozen. \$18.00 per 100.
- L. Umbellatum Vermillion Brilliant**—Large heads of vivid blood-red flowers.
\$.50 each. \$5.00 dozen. \$35.00 per 100.
- L. WASHINGTONIANUM** — Mount Hood Lily—A Magnificent lily varying in color from a light to a rich wine color with deeper spots or blots. Requires a moist,

but well drained situation, plenty of leaf mold and gravel. Plant about 12 inches deep. Grows 3 to 5 feet. June-July.
\$.50 each. \$5.00 dozen. \$40.00 per 100.

- L. WILLMOTTIAE** — Very graceful slender foliage with heads of orange-red recurved flowers; free flowering with 15 to 20 blossoms on stems 3 to 4 feet. Plant 8 inches deep. Blooms July to August.
\$.25 each. \$2.50 dozen. \$20.00 per 100.

CALIFORNIA WILD FLOWER BULBS AND PLANTS

There are a few choice varieties of California Native Flower Bulbs which have lengthy blooming season and are attractive enough to be welcome additions to the cultivated gardens.

Many ask if we gather our wild flower bulbs and plants to the detriment of our charming woodland spots. We grow all of these species under cultivation with this objective of conserving our wild flowers.

CALOCHORTUS — Globe Strains. These pink, yellow and white Hairbells love the shade and protection of our woodlands, but prefer dry soil during their dormant summer season. Plant about three inches deep in groups for effect.

All Species—

\$.85 dozen. \$6.00 per 100. \$45.00 per 1,000.

C. albus—Giant strain of White Hairbells.

C. amabilis—Yellow Hairbell.

C. amoenus—Pink Hairbell.

Mixed Globe Tulips—

\$.75 dozen. \$5.50 per 100. \$40.00 per 1,000.

Calochortus clavatus—Yellow Mariposa Tulip

CALOCHORTUS—Mariposa Tulip Strains—

These lovely Butterfly Tulips prefer a heavy soil with a minimum of moisture and the full sun. They will thrive in partial shade, but the tendency is toward weak stems, although they hold the flowers longer. Plant about three inches deep in groups for effect and it is important that they receive little moisture while dormant. Blossoming with their showy and beautifully colored flowers during April and May, Mariposa Tulips

have no equal. They are excellent for cutting for the home with their graceful stems and nodding flowers. We offer a wide assortment of colors and shades.

One of the chief difficulties preventing successful culture of Mariposa Tulips apparently lies in improper water application. The bulbs seem to require liberal irrigation during the natural rainy season and quite limited moisture supply during the spring flowering season.

Spray applications with Bordeaux Solution during the growing season seems quite necessary to control the rust of the foliage.

C. clavatus — Deep yellow. Of exceptional vigor with very large flowers.

\$1.25 dozen. \$8.00 per 100. \$60.00 per 1,000.

C. citrinus—Deep yellow.

\$.65 dozen. \$4.50 per 100. \$35.00 per 1,000.

C. kennedyi—Flame. We offer a longer stemmed variety.

\$1.50 dozen. \$10.00 per 100. \$80.00 per 1,000.

C. oculatus—White and cream.

\$.65 dozen. \$4.50 per 100. \$35.00 per 1,000.

C. splendens—A lovely soft lavender.

\$.75 dozen. \$5.00 per 100. \$40.00 per 1,000.

C. venustus roseus—Rose shades.

\$.75 dozen. \$5.00 per 100. \$40.00 per 1,000.

C. venustus purpureus—Purple and white.

\$.75 dozen. \$5.00 per 100. \$40.00 per 1,000.

Mixed Mariposa Tulips—

\$.65 dozen. \$4.50 per 100. \$32.50 per 1,000.

BRODIAEA—

Prices—Except where noted:

\$.65 dozen. \$4.00 per 100. \$30.00 per 1,000.

Capitata—Tight flower head, light blue.

Coccinea—Fire-cracker Brodiaea.

\$1.50 dozen. \$10.00 per 100. \$80.00 per 1,000.

Grandiflora—Blue.

Ixioides—Golden.

Laxa Candida—Large open blue flower head.

Volubilis — Climbing Brodiaea. Rose. Entwines itself about a support, reaching its pink flower head to a height of several feet. Very interesting.

CALIFORNIA WILD FLOWER BULBS AND PLANTS, Continued

Mixed Brodiae—

\$.65 dozen. \$3.50 per 100. \$27.50 per 1,000.

ERYTHRONIUMS—DOG TOOTH VIOLETS

—These charming shade-loving plants should be planted in masses for effect. Partial shade is necessary. Plant about three inches deep in groups of twelve or more in any well-drained garden soil.

\$.75 dozen. \$5.00 per 100. \$40.00 per 1,000.

E. californicum — Creamy with yellow shadings, charming upright flowering habit.

E. giganteum — Large creamy flower of drooping habit.

E. tuolumnensis—Bright golden.

E. hendersonii—Bright rosy-lavender.

Mixed Erythroniums—

\$.65 dozen. \$4.50 per 100. \$35.00 per 1,000.

FRITILLARIA—Fritillaria will thrive in the sun, but burn and fade and we recommend full or partial shade. Plant about three inches deep in any well drained garden soil.

Fritillarias have a habit of flowering alternate years, regardless of the size of the bulb.

F. recurva—Red Bells. Bright orange-scarlet graceful bells on 12 inch stems. We now offer the *F. recurva* in place of the *F. recurva coccinea*; the latter species is impossible to offer without some mixture of the green types. The *F. recurva* offered here should flower as red bells without mixture.

\$1.25 dozen. \$8.00 per 100. \$70.00 per 1,000.

F. lanceolata — Mission Bells. Large green and brown mottled bells.

\$1.00 dozen. \$7.00 per 100. \$60.00 per 1,000.

F. pluriflora—Large open rosy bells.

\$1.00 dozen. \$7.00 per 100. \$60.00 per 1,000.

Mixed Fritillaria—

\$.75 dozen. \$5.00 per 100. \$45.00 per 1,000.

CAMASSIA LEICHTLINI—These are sun-loving plants and while the flower is not lasting, it is a beautiful shade of blue and effective for mass plantings. Plant four to five inches deep and about four inches apart either in the sun or shade and wet or dry soil. Also white variety.

\$1.00 dozen. \$6.00 per 100. \$50.00 per 1,000.

CLINTONIA, DICENTRA, DODECATH-EON AND TRILLIUMS — All prefer the shade and a constant moisture supply in well-drained soil. These are not bulbs, but plants, and should be set with their crowns at the surface of the ground.

CLINTONIA ANDREWSIANA—Red flower sprays growing from large broad leaves. \$1.25 dozen. \$8.00 per 100.

DICENTRA FORMOSA — Native Bleeding Heart.

Bare Roots. \$1.50 dozen. \$10.00 per 100.

DODECATHEON HENDERSONII — Shooting Star. Bright rosy cyclamen-shaped flowers.

\$1.00 dozen. \$7.00 per 100.

TRILLIM OVATUM — Grows to one and one-half feet. Flowers white fading to rose.

\$.75 dozen. \$6.00 per 100.

TRILLIUM SESSILE — Grows to one foot. Flowers purple to green.

\$.75 dozen. \$6.00 per 100.

NATIVE FERNS

Bare roots in Fall and Winter.

ADIANTUM PEDATUM — Five - fingered fern.

\$.15 each. \$1.50 dozen. \$12.00 per 100.

ASPIDIUM MINUTUM—Sword fern.

\$.10 each. \$1.00 dozen. \$7.00 per 100.

SITCHENSE—Lady fern. A soft fern of the size of the well-known Woodwardia radicans.

\$.15 each. \$1.50 dozen. \$12.00 per 100.

PALEIA—Birds foot fern.

\$.15 each. \$1.50 dozen. \$12.00 per 100.

PTERIS—Brake.

\$.10 each. \$1.00 dozen. \$7.00 per 100.

VANCOUVERIA—Mexican ivy.

\$.15 each. \$1.50 dozen. \$10.00 per 100.

WOODWARDIA RADICANS—Crowns.

\$.15 each. \$1.50 dozen. \$12.00 per 100.

HERE IS A LIST FOR WHICH YOU HAVE BEEN SEARCHING—For the woodland garden. Order at once for Winter and Spring Delivery.

HARDY FERNS—

\$.50 each. \$5.00 dozen. \$35.00 per 100.

Athyrium felixfemina—Lady Fern.

Botrychium virginianum — Rattlesnake Fern.

Cystopteris bulbifera—Berry Bladderfern.

Dennstedtia—Cupfern.

Dryop hexagonoptera—Winged Woodfern.

Dryop marginalis—Leather Woodfern.

Dryop spinulosa—Toothed Woodfern.

Dryopteris goldiana—Goldie Woodfern.

Galax aphylla—

Onoclea sensibilis—Sensitive Fern.

Osmunda claytoniana—Interrupted Fern.

Osmunda cinnamomea—Cinnamon Fern.

Osmunda regalis—Royal Fern.

Polypodium vulgari—

Polystichum acrostichoides — Christmas Fern.

Pteritis nodulosa—Ostrich Fern.

Pteridium aquilinum—Bracken.

Shortia galacifolia—

NATIVE FERNS, Continued

HARDY ORCHIDS—

\$50 each. \$5.00 dozen. \$35.00 per 100.

Winter and Spring Delivery.

Calopogon pulchellus—Grass-pink Orchid.

Cypripedium pubescens—Common Yellow Ladyslipper.

Habenaria ciliaris—Yellow Fringe-orchid.

Habenaria psycodes—Small Purple Fringe orchid.

Orchis spectabilis—Showy orchis.

FOLLOWING HARDY FERNS—4 inch pots.

\$60 each. \$6.00 dozen. \$40.00 per 100.

Aspidium (Hollyfern)—

A. Patens.

A. Tsussimense.

Cyrtomium (House Hollyfern)—

C. Falcatum.

C. Rockfordi.

Polystichum (Hollyfern)—

P. Coreaceum.

P. Setosum.

Pteris (Brake)—

P. Cretica albo lineata.

P. Ouvrardi.

P. Tremula.

Scolopendrium (Phyllitis) — Hearts Tongue.

S. Vulgare.

SEEDS OF CALIFORNIA WILD FLOWERS

We have made a careful study of California Native plants and offer you here a most satisfactory list. They are worthy of prominence in many California gardens.

Once sown in the ground, unless prevented from seeding themselves, the plantings will be permanent and a delight every spring.

All packets \$.20. Write for quantity prices.

AQUILEGIA TRUNCATA—Scarlet Columbine. Moist shady planting.

CASTILLEJA CALIFORNICA — Indian Paint Brush. Scarlet.

CLARKIA CONCINNA—Beautiful Clarkia. Rosy-pink and crimson flowers. Prefers shade.

DELPHINIUM CARDINALE—Scarlet Larkspur.

DELPHINIUM PARRYI—Blue Larkspur.

DODECATHEON CLEVELANDII — Shooting Star—Cyclamen-shaped lilac and white flower.

ESCHSCHOLTZIA—California Poppy.

Aurantiaca—Rich orange. True California poppy.

Canaliculata Crocea—Orange fluted.

Carmine King—Deep carmine.

Golden West—Yellow with orange center.

Tango—Bronzy red overlaid terra cotta.

Waller's Crimson—Carmine crimson.

Brilliant Mixed—Rich in shades of crimson, pink and orange-scarlet.

GODETIA AMOENA—Farewell to Spring. Pale rose or lilac. Prefers shade.

GODETIA GRANDIFLORA — Farewell to Spring. Delicate pink or lilac with rich crimson markings.

LINUM LEWISII—Blue Flax. Sky-blue.

LUPINUS FORMOSUS—Beautiful Lupine. Purple, blue or lilac flowers.

LUPINUS MENZIESII — Yellow Lupine. Rich yellow.

LUPINUS NANUS — Dwarf Blue Lupine. Very showy. Rich blue and white fragrant flowers.

MIMULUS CARDINALIS—Scarlet Monkey Flower. Bright scarlet flowers. For wet locations.

NEMOPHILA INSIGNIS—Baby-Blue-Eyes. Most satisfactory. Clear azure blue flowers. Prefers shade or partial shade.

PENTSTEMON CENTRANTHIFOLIUS — Scarlet Bugler. Rich vermilion flowers on three foot stems.

RANUNCULUS CALIFORNICUS — California Buttercup. Golden Yellow.

ZAUSCHNERIA CALIFORNICA — California Fuchsia. Scarlet trumpet-shaped flowers.

SPECIAL MIXTURE OF CALIFORNIA NATIVE SEEDS

Packages—25 cents, 50 cents, and \$1.00

A well balanced mixture of showy varieties to extend the flowering season from early spring to late summer.

FLOWER SEEDS

PRICES— 10c per packet unless otherwise noted. Ounce and pound prices as specified.

On Large Orders Write for Special Quotation

A well kept lawn adds so much to the value and beauty of your home grounds that special attention should be given to the thorough preparation of the soil before planting. This will establish it quickly, insure permanency and lower the cost of maintenance. If the ground is inclined to be adobe, add sharp sand.

Well rotted manure is valuable in the first preparation as it furnishes the humus necessary.

After preparing the seed bed, give it a good watering. This brings up the weeds. They should be pulled or hoed out and this process repeated two or three times.

Do not spade up the ground or hoe it before planting after the weeds are worked out.

Never use stable manure for dressing a lawn, it brings weeds and trouble. A good dressing of Hyde's Lawn Fertilizer is much more efficient and economical, sustaining the growth and color.

The primary requisites for establishing a first class lawn are the preparation of the soil and sowing seed of the finest germination.

Consult with us for lawn preparation and let us supply the seed.

We also carry a complete line of vegetable seeds for the home garden and commercial planter. Space does not permit a listing of these seeds. Send us a list of your requirements and we will furnish those varieties best suited to your locality and your needs.

PERENNIAL PLANTS

We are prepared to supply an excellent selection. They solve your problems for the cutting garden.

Strong plants \$.25 each. \$2.50 per dozen. \$17.50 per 100 except where noted.

Prices are quoted F. O. B. Watsonville with no charge for packing. However, our trucks deliver frequently throughout Central California and in many cases, we can make delivery at our convenience without charge.

The beauty and harmonizing effect of a low rock wall interplanted with alpine plants is more desirable than plain harsh concrete for retaining banks of soil. Note the effective use of perennial flower borders as a background for a stretch of lawn. Planned flower borders will give a succession of bloom in any color harmony throughout the year. Let us help you plan them.

The Gem—Deep yellow apricot, as fine as the best lilies.

Double Apricot—A fine richly colored new variety.

Day Lilies, like Agapanthus, are one of the few plants which flower very freely in rather complete shade. Also satisfactory for open exposures.

HEMEROCALLIS—Older sorts and types.

Smaller than the new hybrids with smaller blooms but they fit into many places better than the newer. Mostly very early sorts.

\$.25 each. \$2.50 dozen. \$17.50 per 100 except where noted.

Apricot—Light apricot orange, dainty.

Aureole—Orange yellow.

Dr. Regel—Pure orange yellow, fragrant.

Dumorteri—Rich cadmium yellow. Dwarf.

Flava—Clear lemon yellow.

Fulva—Reddish yellow.

Kwanzo—Orange to coppery red; double.

Citrina—Pale sulphur yellow.

\$1.00 each. \$10.00 dozen.

Thunbergi—Pale yellow.

Florham—Similar to The Gem Hybrid, but smaller.

HEUCHERA—Coral Bells.

Heuchera sanguinea—Scarlet.

White.

Pastel Shades.

HOLLYHOCKS—

Orange Prince—Double orange.

Newport Pink—Double pink.

Double Bright Rose.

Double Yellow.

LILY OF THE VALLEY—Outdoor type.

\$.75 dozen. \$5.00 per 100.

LINUM NARBONENSE—

LOBELIA CARDINALIS—

MONTBRETIA—New Hybrids.

\$.25 each. \$2.50 dozen. \$17.50 per 100.

Goldfinch—Bright yellow shaded brilliant cherry-scarlet.

His Majesty—Very large, dazzling orange scarlet shading to gold.

Marjorie — Pale orange with crimson markings.

Queen of Spain — Large brilliant deep golden-orange shaded golden-apricot.

Queen Adelaide—Deep orange shaded red.

Una—Rich apricot with carmine blotch.

NEPETA—

N. Mussini.

Hyde's Giant.

PENTSTEMON—

Large Flowering.

Minimum Hybrids.

Antirrhinoides.

Heterophyllus.

Smalli.

PHYSOSTEGIA VIRGINICA—

PHLOX—Perennial.

Rhineland—Salmon pink.

Asia—Lilac with red eye.

Lothair—Bright crimson.

Joan of Arc—White.

POPPY—

Iceland—New Hybrids.

POPPY—Oriental. Premier Mixture.

PYRETHRUM—Mixed single and double.

PYRETHRUM AUREUM—Golden Moss.

SALVIA AZUREA—

SALVIA PATENS—

SCABIOSA—

New Hybrids.

Columbaria.

Caucasica.

SHASTA DAISY—Assorted frilled.

STATICE—

Perezii.

Caspia.

PERENNIAL PLANTS, Continued

STOKESIA CYANEA COERULEA—

SWEET WILLIAM—

Newport Pink.

Holborn Glory Mixed.

THALICTRUM—New variety.

TRADESCANTIA VIRGINIA — Blue and white.

TRITOMA—Dwarf. Orange.

Also Large Flowering Hybrids.

VERBASCUM OLYMPACUM—Yellow.

VERBENA—Perennial Hybrids. Pink. White. Corymbosa.

VIOLETS—

Single fragrant—\$.50 dozen. \$3.50 per 100.

Double—\$.75 dozen. \$5.00 per 100.

Double Silver-blue—

\$1.00 dozen. \$7.00 per 100.

WALLFLOWERS—

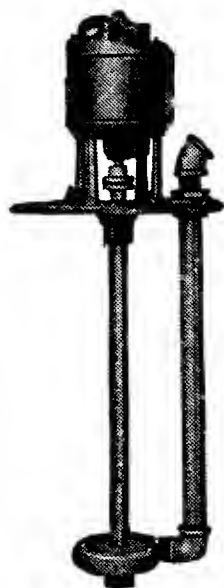

Cloth of Gold.

Fire King.

TROST AERATION PUMP

Fountains—Cascades—Flowing Streams—Trout Pools

The miracle of Everflowing, clean sparkling water anywhere indoors or out and with no natural water supply.

The new principle involved in this system, in a simple, direct way gives a wonderful automatic flow at a trifling cost of upkeep—and the water remains comparatively clear and free from scum and fungii.

The low cost of installation and upkeep will astonish you.

TROST AERATION PUMP will continuously circulate a plentiful amount of water costing but a few cents per day. Installation extremely simple and inexpensive.

Write or call for full details

PLANTS ADAPTED FOR GROWING IN POOLS

ANACHARIS — Moss-like plant completely submerged. An excellent oxygenator. \$.35 each.

CYPERUS ALTERIFOLIUS — Umbrella Plant. A fine plant in or around a pool. Leaves arranged on long stems, giving an umbrella-like effect. \$.50-\$1.00 each.

IRIS—Japanese—This handsome Iris adapted to growing in the water is familiar to most flower lovers. Blue and lavender shades. \$.50 each.

IOLEPIS GRACILIS — Splendid bright green foliage. Plant in pots with crowns just below the surface of the water. \$.25-.50 each.

LIMNOCHARIS HUMBOLDTII — Water Poppy—Resembles the water lily. Foliage is small. Flowers three-petaled; yellow with brown eye. \$.35 each.

LOBELIA CARDINALIS — Bronzy foliage with spikes of cardinal red flowers to a height of 4 feet. Very handsome. Will thrive in pools with one inch of water covering the crowns. \$.35 each. \$3.50 dozen.

PAPYRUS—Egyptian Paper Plant—Graceful plant with long green stems with feathery tufts of leaves. Good in shallow water or around pools or lawns. \$.50 and \$1.00 each.

SAGITTARIA GIGANTEA — Bright green long slender foliage growing beneath the water. A good oxygenator. \$.35 each.

SAGITTARIA JAPONICA — Arrowhead—Flowers white, leaves arrow-shaped, growing above the water surface. \$.50 each.

PLANTS ADAPTED FOR GROWING IN POOLS, Continued

STAR LILY—Long stems extending 1 foot above the water with star-shaped blooms of bright blue, pink or waxy white.
\$2.50 to \$6.00 each.

WATER CANNA—So-called because foliage resembles that of the Canna.
\$.50 each.

WATER CHESTNUT—Floating plant, leaves resemble those of the Chestnut tree. Flowers white.
\$.75 each.

WATER HYACINTH—Rosy lavender hyacinth flowers. Plants suitable for receiving eggs of fish that spawn.
\$.25 each. \$2.50 dozen.

WATER LILIES—Everyone knows the true Water Lily and description seems superfluous. Pink, red, yellow and white.
\$.75 to \$2.50 each.

In spring, dormant plants are delivered; after June 1st, growing plants are sent out. In California, plants are left in the pools through the winter.

For growing, use a soil 3 parts of good loam to 1 part manure. The plants are heavy feeders and should be planted in boxes about 2 feet square and ten inches deep.

ROCK AND ALPINE PLANTS

Much has been said and written of the beauties and pleasures of rock gardening, and justly so, for the rock garden offers unlimited possibilities and adventure in garden experience. Many rock plants are deep rooted and it is always best to plant them as the rockery is built. In this way space and proper soil can be provided for plants that require special treatment. Good drainage, a little sand and loam, mixed with good garden soil, is sufficient to insure success. Fertilizers, if any, must be carefully and sparingly applied.

We list here but a few gems from our several hundred Alpine and Succulent Plants. For many years we have carefully studied those plants adaptable to California Conditions. Pay us a visit as we have many plants you have been searching for.

Prices \$.25 each. \$2.50 per dozen. \$20.00 per 100., except where noted. Large well established plants.

AETHIONEMA PULCHELLUM — A prostrate grower, gray foliage, lilac-rose flowers.

ALLIUM CYANEUM — Foliage grass-like; blue flowers.

ALYSSUM IDAEUM—Dwarf, creeping type, gray-green foliage and profusion of yellow flowers.

ALYSSUM SAXATILE CITRINUM—Masses of pale yellow flowers.
\$.15 each. \$1.50 dozen. \$12.00 per 100.

ASPERULA ODORATA.. — Fine ground cover for lilies or rockery. Small white flowers. Shade.

CALAMINTHA ALPINA — A very pretty dwarf plant; purple flowers.

CAMPANULAS—Many varieties.
Collection of 12 all different for \$2.00

CHRYSANTHEMUM AMALIAE — Dwarf pink summer flowering variety. Good for pot culture, rockery or border.

CHRYSANTHEMUM MAWI—A delightful little plant, foliage silvery green, flowers pink. Good for cutting.

CYTISUS KEWENSIS—Dwarf Broom. Excellent for rockery.

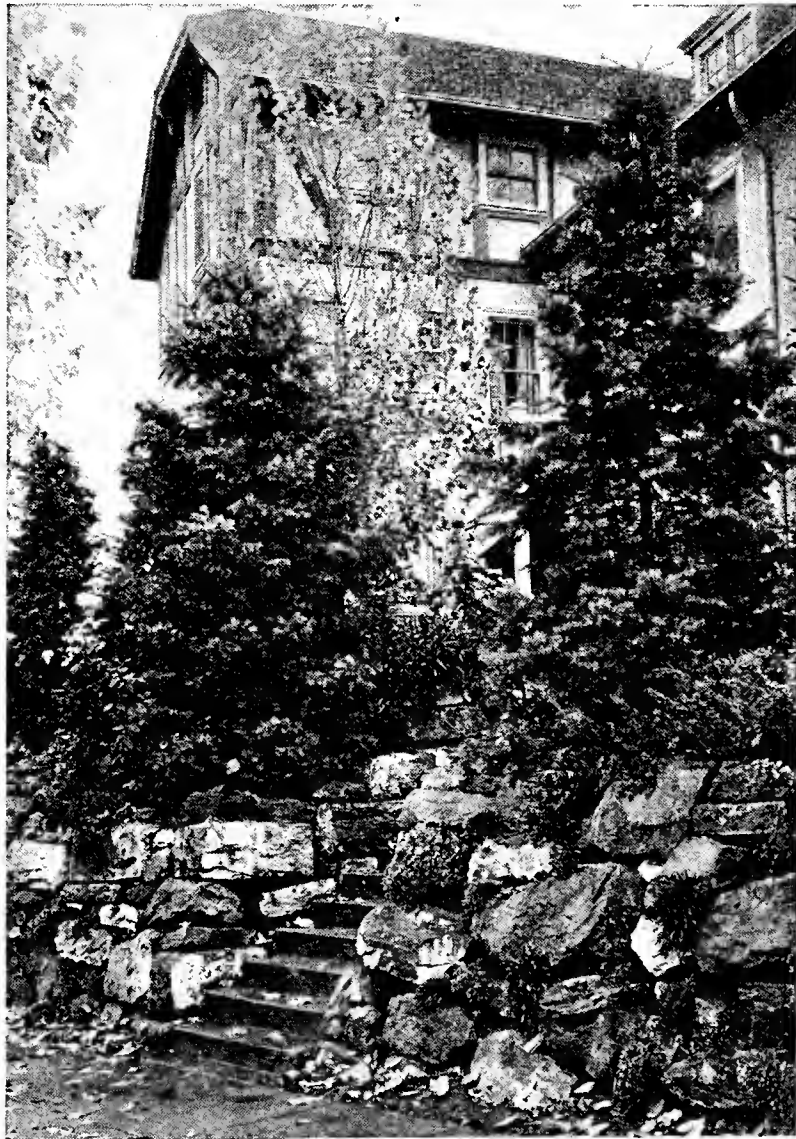

DAPHNE CNEORUM — Dwarf Daphne. Bright pink, fragrant. Field grown plants.
\$2.00 each. \$20.00 per dozen.

ERODIUM HYBRIDUM.. — Tufted, pink flowering type. Very dwarf.

GAZANIA SCABRA HIRTELLA — New South African variety. Flowers burnt orange with beautiful markings and 4 to 5 inches across. Very fine.

Potted \$.35 each. \$3.50 dozen. Gal. Cans \$.50 each. \$5.00 dozen.

GENTIANAS—Offered in variety.

The masterly treatment of a difficult problem—close to and high above the street. Note the pleasing effect of the conifers and deciduous trees in relation to the architecture and the supporting "rockery" giving an impression of distance and space.

ROCK AND ALPINE PLANTS, Continued

GREVILLEA OBTUSIFOLIA—A neat creeping type; red flowers. A good ground cover for banks and terraces.

HELIANTHEMUM "Attraction" — Very dwarf plant, flowers yellow and orange. Also many other colors.

JASMINUM PARKERII — Dwarf compact Jasmine. Yellow flowers.
\$.35 each. \$3.50 per dozen.

LITHOSPERMUM PROSTRATUM — Heavenly blue. Trailing. Covered profusely with deep vivid blue flowers. Good drainage and acid soil requirements.
\$.60 each. \$6.00 per dozen.

MENTHA REQUIENI—Fragrant mint-like compact trailer for part shade.

PHYTEUMA ORBICULARE—A very pretty dwarf alpine.

POTENTILLA ATROSANGUINEA—Silver-gray strawberry like foliage and deep red flowers. Very fine.

PRUNELLA WEBBIANA — Low creeping plant; lilac flowers and dark foliage.

ROSA ROULETTI — Dwarf Alpine Rose. Flowers double pink. Should be in every rock garden.
\$.50 each. \$5.00 dozen.
Large plants—\$.75 each. \$7.50 dozen.

SEMPERVIVUM—Many varieties. Excellent plants for the rockery.
Special collection of 12 varieties all different \$2.00

STRAWBERRY — Bush Alpine. Amazingly prolific. A good border plant. Of non-running habit.

TEUCRIUM CHAMAEDRYS — Spreading, greyish foliage. Purple flowers.

TEUCRIUM MARUM — Dwarf graceful plants with abundance of rose flowers for rock garden or border.

TEUCRIUM ORIENTALIS—Beautiful blue flowering variety.

THYMES—Many varieties.

VIOLAS—Many varieties.

VIOLA ODORATA ROSINA—Pink Violet. Flowers deep pink and very fragrant.
\$.15 each. \$1.50 dozen. \$12.00 per 100.

We highly recommend to our readers the book:

ROCK GARDENS AND ALPINE PLANTS, by H. Correvon. You may choose from 542 kinds of rock and alpine plants and grow the best in your own garden with the aid of this famous book. It tells which rock plants, native orchids, ferns, and hardy cacti are best, how to build, plant and maintain rockeries, moraines and wall gardens, how to grow all the different types of plants, how to acclimatize, etc. 33 illus. (17 in color), 560 pages. \$3.00

FLOWERING FRUIT TREES

Among the most showy and satisfactory of our Spring Blossoms are the Flowering Fruit Trees. By careful planning in planting your group or row of these, you may have continuous and delightful color from the first Dawn Apricot in December to the last of the Japanese Flowering Cherries in June. The effect is delightful for the Spring Garden and affords much cutting for the home.

DWARF FLOWERING ALMOND — 2 to 3 foot trees, 75 cents each. \$6.50 for 10.

White—shrubby trees with small double white flowers in profusion. Very effective with branches completely covered with a white snowy blanket.

Pink—Soft pink flowers in profusion as with the white variety.

FLOWERING APRICOT—DAWN. 75 cents each. \$6.50 for 10.

Delightfully rich pink blossoms generally flowering late in December. Free flowering.

FLOWERING PEACHES — 75 cents each. \$6.50 for 10.

Early Double Red—Bright scarlet flowers very double.

Late Double Red—A later form of the early variety.

Double Pink—Clara Meyer—Clear delicate pink. Large flowers.

Double White—A very large double glistening white flower of fine substance.

FLOWERING CRABAPPLES — \$1.00 each. \$9.00 for 10.

These trees will give very gay effect to your garden of Spring Flowering Trees. The colors are exceedingly delicate and the trees free flowering. Scarlet and crimson fruit during the summer prolong the color effect.

Bechtel's Crab—Very double delicate pink flowers.

Malus Floribunda—Semi-dwarf Japanese Flowering Crabapple. Dwarf habit with tendency toward weeping. Lovely rosy-pink and white flowers give a charming contrasting color effect.

Malus Purpurea — Rather erect grower with purple leaves and bright pink flowers followed by pretty red crab-apple fruit.

FLOWERING FRUIT TREES

JAPANESE FLOWERING CHERRIES—4 to 6 foot, \$1.25 each. \$11.50 for 10.

Being so free flowering, the masses of delicate flowers give the effect that draws many thousands of people to our National Capital in Washington every Spring. You should have a group or row of these lovely flowering trees in the following varieties. We have found these to be the best of the many offered.

Mt. Fujii—Pure white double flowers in profusion.

Veitchi—Double deep pink.

Amayadori—Double light pink.

Campanulata — Long tubular flowers of brilliant red. The foliage and flowers appear together. A very showy tree.

Shirofugen—Very large flowers changing color from white to pink and cerise. Late flowering, blossoms after the leaves appear.

Victory—Large full double light pink.

JAPANESE FLOWERING CHERRIES — WEEPING VARIETIES — 5 foot stems, \$3.50 each.

Park's Weeping — Single delicate pink flowers in great profusion.

Double Weeping—Double pink flowers in heavy masses.

RED FLOWERING QUINCE — Gallon cans, 75 cents. 5 gallon cans, \$2.50, \$3.50, \$5.00.

A very showy dwarf shrub flowering early with bright rosy red semi-double flowers.

SHRUBS, TREES, PLANTS, ETC.

You will find listed here some of the better plants which are not available at most nurseries. In addition to these, we have many growing at our Watsonville Nursery which are on display. We can also supply your needs at standard prices for the ordinary plants, shrubs, trees, etc. listed in the general nursery catalog.

ORNAMENTAL TREES AND SHRUBS

Prices are quoted F. O. B. Watsonville with no charge for packing. However, our trucks deliver frequently throughout Central California and in many cases, we can make delivery at our convenience without charge.

ACER RUBRUM—Scarlet Maple. Bare root. 8-10 feet. \$1.25

AZALEA MOLLIS — Orange and Yellow. Balled. \$1.50 each. \$1.00 each in lots of 10 or more.

AZALEA OCCIDENTALIS—Native Azalea. Fine large plants. 10-12 years old. \$1.50 each. \$15.00 per dozen.

BERBERIS THUNBERGI ATROPURPUREA—Red Leaf Japanese Barberry. Balled \$1.50 each.

JAPANESE CAMELLIAS — Double Pink. Double White. Double Red. Also single and semi-double varieties. Potted \$3.50 up.

CHIONANTHUS VIRGINICA—Fringe Tree. Extremely showy. White flowers in loose panicles. Ideal as a specimen tree for lawns. \$2.50 up.

FAGUS SYLVATICUS RIVERSII — Copper Beech. Weeping and upright varieties. Specimens \$5.00 up.

HYDRANGEA DWARF FRENCH — Free flowering hybrids in pink, blue and red shades. 2½ Gal. Cans \$2.50 up.

HYDANGA PETIOLARIS — Climbing Hydrangea. Gal. Cans \$1.00 each.

ILEX AQUIFOLIUM—English Holly. Grafted trees originating from a single parent berrying heavily. Specimens \$5.00 up.

Fagus Sylvaticus Riversii—Copper Beech
See this unusual specimen—3408 Webster Street (North of Broadway), Oakland, California.

LILAC HYBRIDS — Single and double flowered in all shades. Bare roots. \$1.00 each.

ORNAMENTAL TREES AND SHRUBS, Continued

LAURUS NOBILIS — European Bay Tree.
Admirably suited to formal plantings as trimmed specimens or group planting as untrimmed.
Untrimmed Specimens \$2.50 up.

TRIMMED		
Pyramids:	Matched	
	Each	Pair
5-6 Ft.	\$10.00	\$18.00
6-8 Ft.	15.00	25.00

Standards:			Matched	
Stems	Head	Height over all	Each	Pair
30 inch	24 inch	54 inch	\$9.00	\$15.00
36 inch	24 inch	60 inch	12.50	22.00

We have larger and smaller stock. Call and see our specimens. Ask for quantity prices.

TREE PEONIES — Two and three-year old plants bare roots or potted.
\$1.50, \$3.50, \$4.00, \$5.00 and up according to variety.

PICEA PUNGENS—Colorado Green Spruce.
Balled 2-3 ft. \$3.00. 3-4 ft. \$4.50. 4-5 ft. \$6.00. 5-7 ft. \$10.00.

PICEA PUNGENS GLAUCA — Colorado Blue Spruce.
Balled 2-3 ft. \$3.50. 3-4 ft. \$5.00. 4-5 ft. \$6.50. 5-7 ft. \$10.00.

PINK FLOWERING BUCKEYE—
Balled .8-12 ft. \$4.00 each.

QUERCUS COCCINEA — Scarlet Oak. Do not confuse with *Quercus rubra* (Red Oak) offered at most nurseries. Unlike the Red Oak this variety shows a much more brilliant coloring in the Fall. Slow growing, rare and valuable.
Specimens \$5.00 up.

RHODODENDRONS — We have a stock of about one thousand un-named Hybrid Seedlings. This is your opportunity to have a wonderful naturalized planting at low cost.
Prices: \$.50 to \$1.50 each.
We can furnish over 50 varieties of named Hybrids if ordered in advance of winter delivery season. Inquire if interested. Our varieties carried in stock are the following:
Prices: \$3.50, \$5.00, \$7.50 and up.

Pink Pearl—Large truss, delicate pink.

Alice—Deeper pink than Pink Pearl.

Michael Waterer—Bright crimson.

Everestianum—Deep lavender.
Also a fine stock of *Ponticum*.

FRUITS FOR THE HOME GARDEN

It is surprising to note that in California thousands of rural homes and ranches buy almost all of their small fruits and berries from the market.

Not only is this more expensive, but there is never the opportunity to enjoy the wonderful flavor of fruit and berries fresh from the trees and vines. The excellence of flavor of fresh fruit cannot be appreciated when eaten after it has been picked for an hour or longer.

Imagine the pleasure of picking a few luscious berries in the cool of the morning for the breakfast dish. By a careful selection from the following pages, every person who has a small back yard can easily grow a succession of berries from spring until late fall.

A few trees in the yard adds to the variety of fruit for the home. Berry plants and small fruits can well be planted between the trees.

OUR PLANTING SERVICE—Our organization is equipped to survey your ground and plant your orchard properly laid out according to approved planting systems. Inquire from us regarding this service. Prices are reasonable; generally about 30% of the tree costs.

One of the record trees from which we select budwood for propagation.

FRUIT TREES, BERRY PLANTS, AND OTHER NURSERY STOCKS

FRUIT TREES

BUDWOOD for our fruit trees is all carefully selected by our organization—from the strongest and most prolific trees in the best orchards of our state. This is important in perpetuating types that are shapely and uniform with the desired coloration; trees that are regular and heavy producers. The trees we supply on your order will not only be clean and vigorous and true to name but will be from the best yielding and most profitable types.

Trees having poor, inferior root systems are carefully culled at digging time and you may depend upon receiving for your order first class stock with strong root system properly graded into its respective size.

FRUIT TREE PRICES—Except where noted. These prices subject to revision during the season. Commercial Planters inquire for special prices.

1-9	10-49	50-299	300 or More
Trees	Trees	Trees	Trees
Each	Each	Each	Each
6-8 ft.—\$.70	\$.55	\$.40	\$.35
4-6 ft.— .60	.45	.35	.30
3-4 ft.— .50	.40	.30	.25

VARIETIES — This simple listing includes those varieties best suited to our California conditions for Home, Orchard and Commercial Planting. We will be pleased to discuss these varieties in detail.

APPLES

Delicious	Skinner Seedling
Red Delicious	White Winter Pearmain
Red Astrachan	Winter Banana
Red June	Yellow Bellflower
Rome Beauty	Yellow Newtown Pippin

CRABAPPLES

Hyslop Transcendent

APRICOTS

Hyde's Royal, or Blenheim—Our own strain of the finest commercial variety for coastal sections. We recommend that only this variety be used for our conditions. Also good in warm valleys, as far south as Bakersfield.

Other varieties furnished if desired.

CHERRIES

Great care should be given cross pollination. We have made intensive study of this and will be glad to advise. In general, it may be stated that:

The Bing, Black Oregon and Black Tartarian are pollinizers for each other.

Royal Ann and Black Tartarian pollinate each other.

The Black Tartarian or the Black Oregon are the most successful pollinizers for the Lambert.

VARIETIES—

Bing	Lambert	Royal Ann
Black Oregon (Black Republican)		
Early Richmond (Pie Cherry)		

PEARS

Bartlett	Beurre Hardy
Beurre Bosc	Comice
Beurre D'Anjou	Easter Beurre
Winter Nelis	

PEACHES—FREESTONE

With the fine assortment of peach varieties available, the family orchard should be planned to extend the season from late May to September. Also, commercial planters consult us for the best money-making varieties.

FRUIT TREES, BERRY PLANTS AND NURSERY STOCKS, Continued

VARIETIES—Arranged in the order of their fruiting season.

Mayflower	Elberta
Alexander	J. H. Hale
Briggs Red May	Muir
Babcock	Late Crawford
Foster	Lovell
Strawberry Free	Rio Oso Gem
Hales Early	Salway
Early Crawford	Miller's Late

CLINGSTONE PEACHES

Palora Cling	Seller's Oange Cling
Phillips Cling	Tuscan Cling

PLUMS

As with peaches, the plum orchard should be planted to extend the harvest of fruit through a long summer season.

VARIETIES — Arranged in order of their fruiting season:

Beauty	Satsuma
Climax	Wickson
Burbank	Yellow Egg
Santa Rosa	Giant
Formosa	Damson
Kelsey	President

PRUNES

French	Sugar	Imperial
--------	-------	----------

NECTARINES

New White	Stanwick
-----------	----------

QUINCE

Pineapple

FIGS

White Adriatic	Black Mission	Kadota
----------------	---------------	--------

POMEGRANATE

Wonderful

ALMONDS

Almonds should be intelligently planted for proper pollination. Either Drake's Seedling or Ne Plus Ultra will pollinate the Non Pareil. All three varieties are soft shell, good commercial nuts.

Non Pareil	Ne Plus Ultra
Drake's Seedling	

WALNUTS

Franquette	Payne's Seedling	Eureka
------------	------------------	--------

FILBERTS

Filberts can be profitably grown in our coast counties and in some other California sections. We recommend Barcelona as best commercial variety and furnish correct pollinating varieties which are essential.

Layered, heavily rooted plants:
1-9 trees—Each \$.60. 10-49 trees—Each \$.50.
50 trees or more—Each \$.40.

CHESTNUTS—GRAFTED OR SEEDLINGS

Write for prices.

AVOCADOS

Heavily budded specimens—
\$.60 each. \$50.00 for 10.
Seedlings—\$2.00 each. \$17.50 for 10.

PERSIMMONS

Grafted stock—\$1.50 each. \$12.50 for 10.

LOQUATS

Green and variegated varieties—\$3.50 up.

GRAPES

Wine Grapes — Mission, Zinfandel, Alicante Bouschet.

Table Varieties—White Muscat, Emperor, Sultana, Thompson Seedless.

Prices—No. 1 Grade:

1 to 10—\$.15. 10 to 50—\$.10.
50 to 300—\$.05. 300 or more—\$.03½.

Pierce Isabella and Concord (table):

\$.25 each. \$.12½ in quantity.

BERRY PLANTS

For years, the Name "HYDE COMPANY" has been associated with berry plants. We have developed and introduced many of the standard varieties and have studied their adaptation to the different conditions of soil, climate, etc. in California; observing closely the quality of fruit from the standpoint of flavor and shipping qualities.

Every family should have its own garden and berry patch. We are qualified to advise both for home and commercial planting and offer you the best grade in standard and new varieties.

**STRAWBERRIES**

Strawberry Prices—All varieties.

\$.25. dozen. \$1.75 per 100.

In California, one hundred plants should give enough fruit throughout the entire season, if well cared for, to supply the average family.

Ask us for a dozen or for a hundred thousand.

Commercial Growers—Inquire for prices for thousand quantities.

Banners—Our XX Banner is an improvement over the original Banner variety which we introduced in 1899. Our original stock still holds the world's record for production of 35,000 pounds per acre. There is no better berry—rich, dark glossy red, delicious flavor and a good keeper. Suitable for garden or the commercial field.

BERRY PLANTS, Continued

STRAWBERRIES, Continued

Hyde Double Nick — A "built-up" strain of the Nick Ohmer which we introduced to the west years ago. One of the best commercial money-makers. A heavy cropper of large shiny berries of remarkable keeping quality. The best variety for eastern and long distance shipping.

Klondyke — The standard early variety for California. We have a built-up strain certified.

New Oregon Improved—Large, deep red of finest flavor. Thrives best in dark, rich loam.

Marshall—A standby for both coast and interior sections; healthy foliage and of long life.

Magoon — We offer an improved strain of this standard home variety. Immense berries of superior quality sometimes setting up to 300 blossoms and fruit at one time. Prefers adobe or heavy soil. Not a good keeper but unexcelled for home use and near-by markets.

Oregon Plum—Our introduction to Mr. Tatsiguchi at Florin in 1895. We have the original strain. Is similar to New Oregon but better suited to warmer districts.

Progressive Improved—With the exception of the coast sections, this is perhaps the most consistently everbearing variety. The Banner and Magoon are longer croppers on the coast.

Dorsett—A newer variety of great promise, both for home and field planting. Extremely healthy and long-lived foliage of strong vigor and "well set-up." Berries large, of good color and plentiful. A heavy bearer and good money maker; better than the Fairfax for dry conditions.

Fairfax — Of same parents and similar to Dorsett, but berry is perhaps a little firmer and darker with more flattened ends. Very showy fruit.

Note—This year, for the first time, we will be able to supply for commercial planters a limited number of Oregon State certified Banners, Nick Ohmers, Magoons and Klondykes of our best strains at slightly increased prices.

BUSHBERRIES—

Loganberry—Dark red, rich, juicy and tart. Fine for jams, pies, etc.

Mammoth Blackberry—Early and productive.

Himalaya—A strong grower; late. Unexcelled for jellies.

Advance—The earliest good blackberry. Hazardous for sections with late frosts. Fruit very firm.

Youngberry—Large, juicy and black with few seeds. Of exceptional flavor.

Macatawa — Early. Of bush type with few seeds and small core. Of excellent quality.

Kosmo—Good for warmer sections. A wonderfully sweet berry; large and deep black.

Cory Thornless—Very large with a wild berry flavor.

Black-cap Raspberry—

All above varieties—Strong plants.

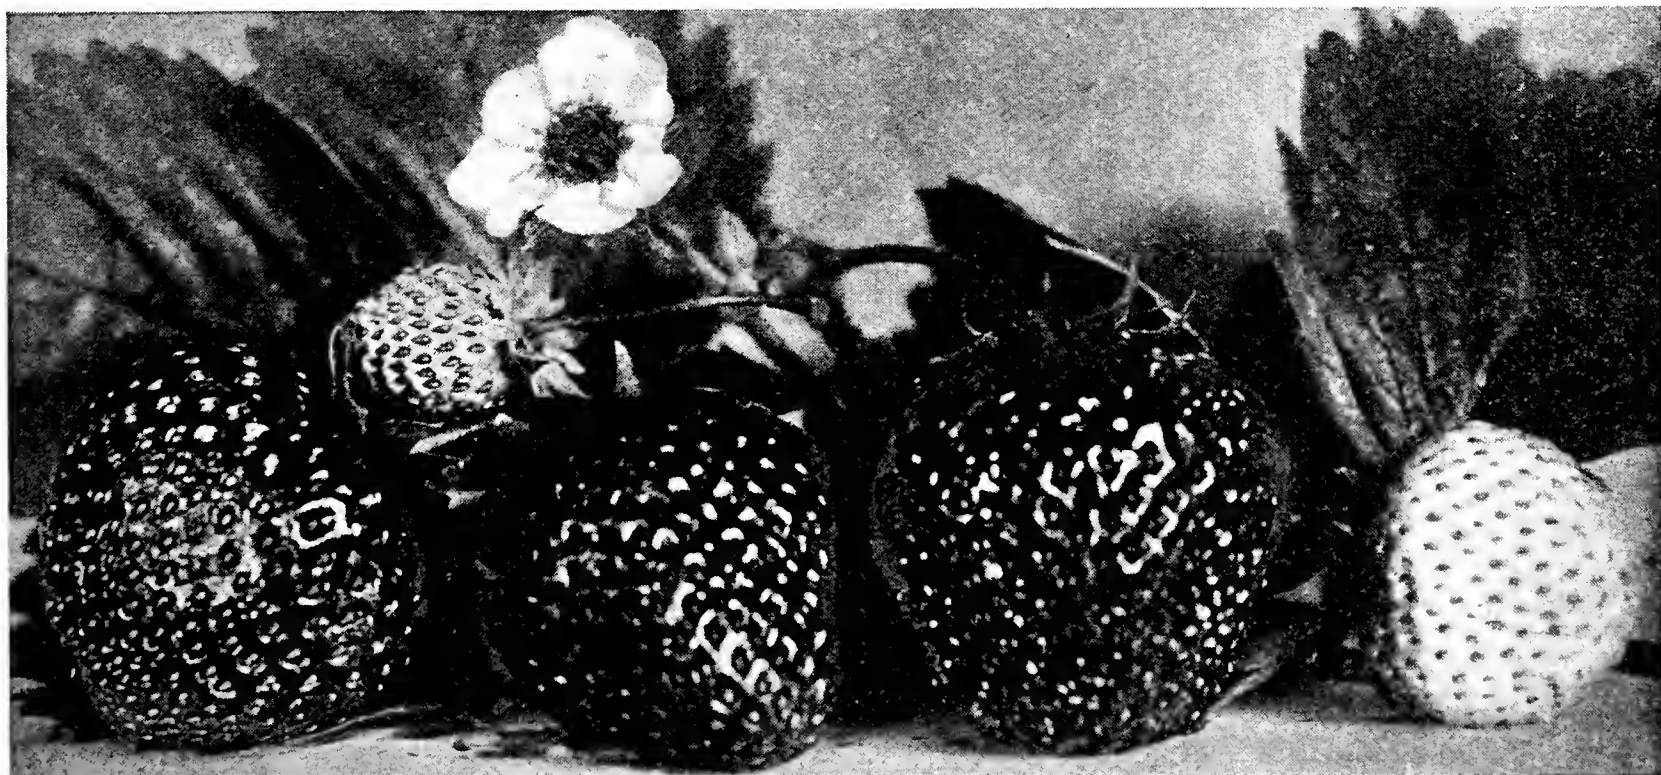

\$15. each. \$1.50 dozen. \$10.00 per 100.

Boysen Berry—All of the good qualities of the Youngberry, but larger and more prolific. \$2.00 each. \$2.00 doz. \$15.00 per 100. See Cut.

Thornless Youngberry — Identical with Youngberry—a good bearer and easy to handle.

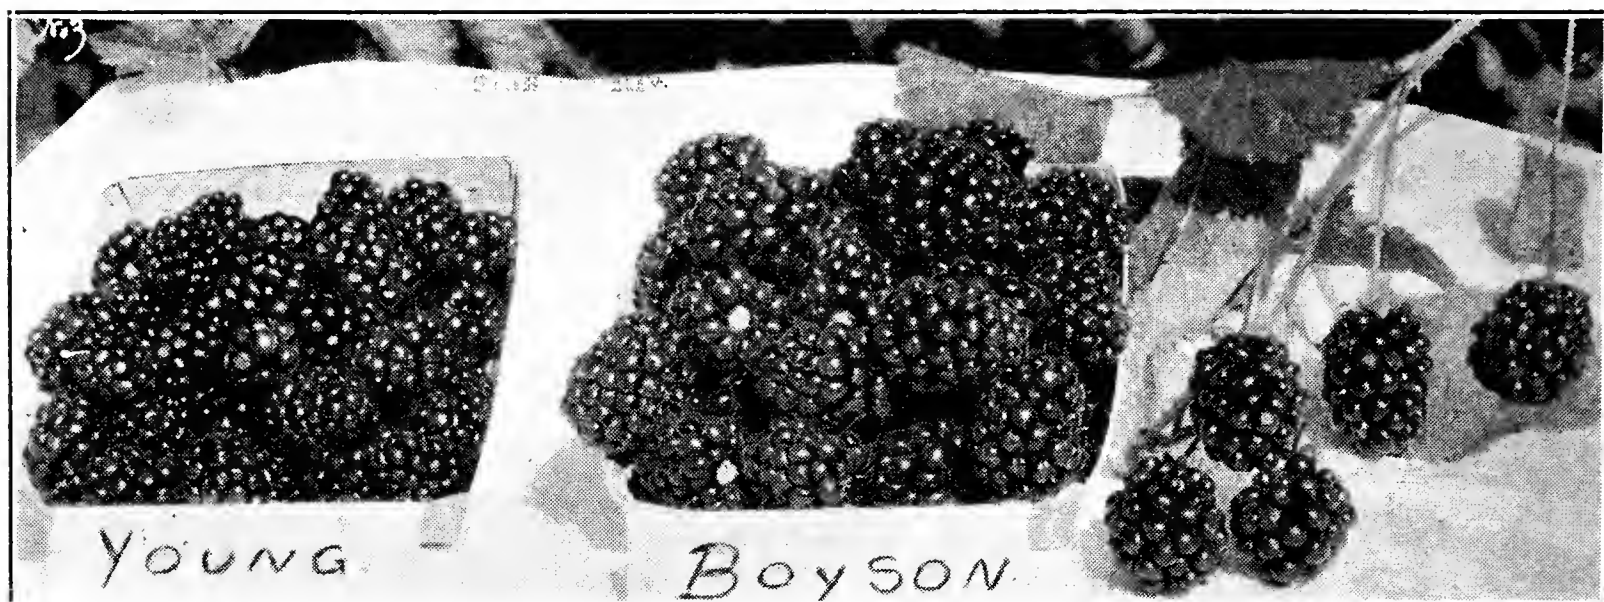

\$2.00 each. \$2.00 dozen. \$15.00 per 100.

Thornless Loganberry — Identical with our standard loganberry but thorns are absent. \$2.00 each. \$2.00 dozen. \$15.00 per 100.

Banner Strawberry

BERRY PLANTS, Continued

RASPBERRIES

Lloyd George—Largest red raspberry. Juicy with small seeds; double-cropper.

Cuthbert—An old standard—large and choice fruit. A single cropper.

California Surprise—Earliest red raspberry; productive and of good flavor.

Ranaree—Early, ever-bearing. Firm fruit and a good shipper.

All above Raspberries—
\$.10 each. \$1.00 dozen. \$5.00 per 100.

Hyde's Giant Everbearing — We offer this splendid new red variety in limited quantities. Produces many berries over one inch in diameter, bearing from April to November. Of wonderful flavor and best of all, it bears within ninety days on new wood. Note the picture showing 92 berries on a branch four months above the ground. 70 berries overflowed the 8-ounce basket. ONLY ONCE BEFORE WHEN WE INTRODUCED THE BANNER STRAWBERRY HAVE WE OFFERED SO FINE A NEW BERRY. \$.25 each. \$2.50 dozen. See Cut 

SMALL FRUITS

CHERRY CURRANT—Large red; the best standard currant for California.
\$.20 each. \$2.00 dozen. \$15.00 per 100.

IMPROVED CHERRY CURRANT — Mammoth fruit often reaches one-half inch in diameter. A distinct improvement.
\$.30 each. \$2.50 dozen.

OREGON CHAMPION GOOSEBERRY—The best standard variety.
\$.20 each. \$1.80 dozen. \$12.50 per 100.

VEGETABLE PLANTS

ASPARAGUS—\$.35 dozen. \$2.00 per 100.

Palmetto—The old standard.

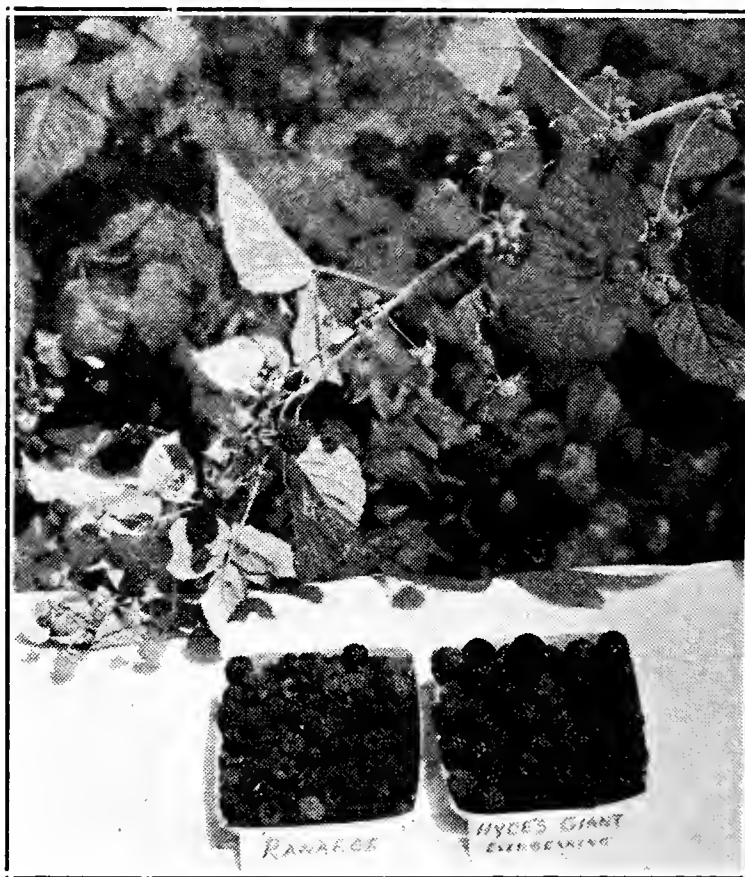

Washington—Improved; large, firm.

ARTICHOKE—Green Globe.
\$.20 each. \$1.80 dozen.

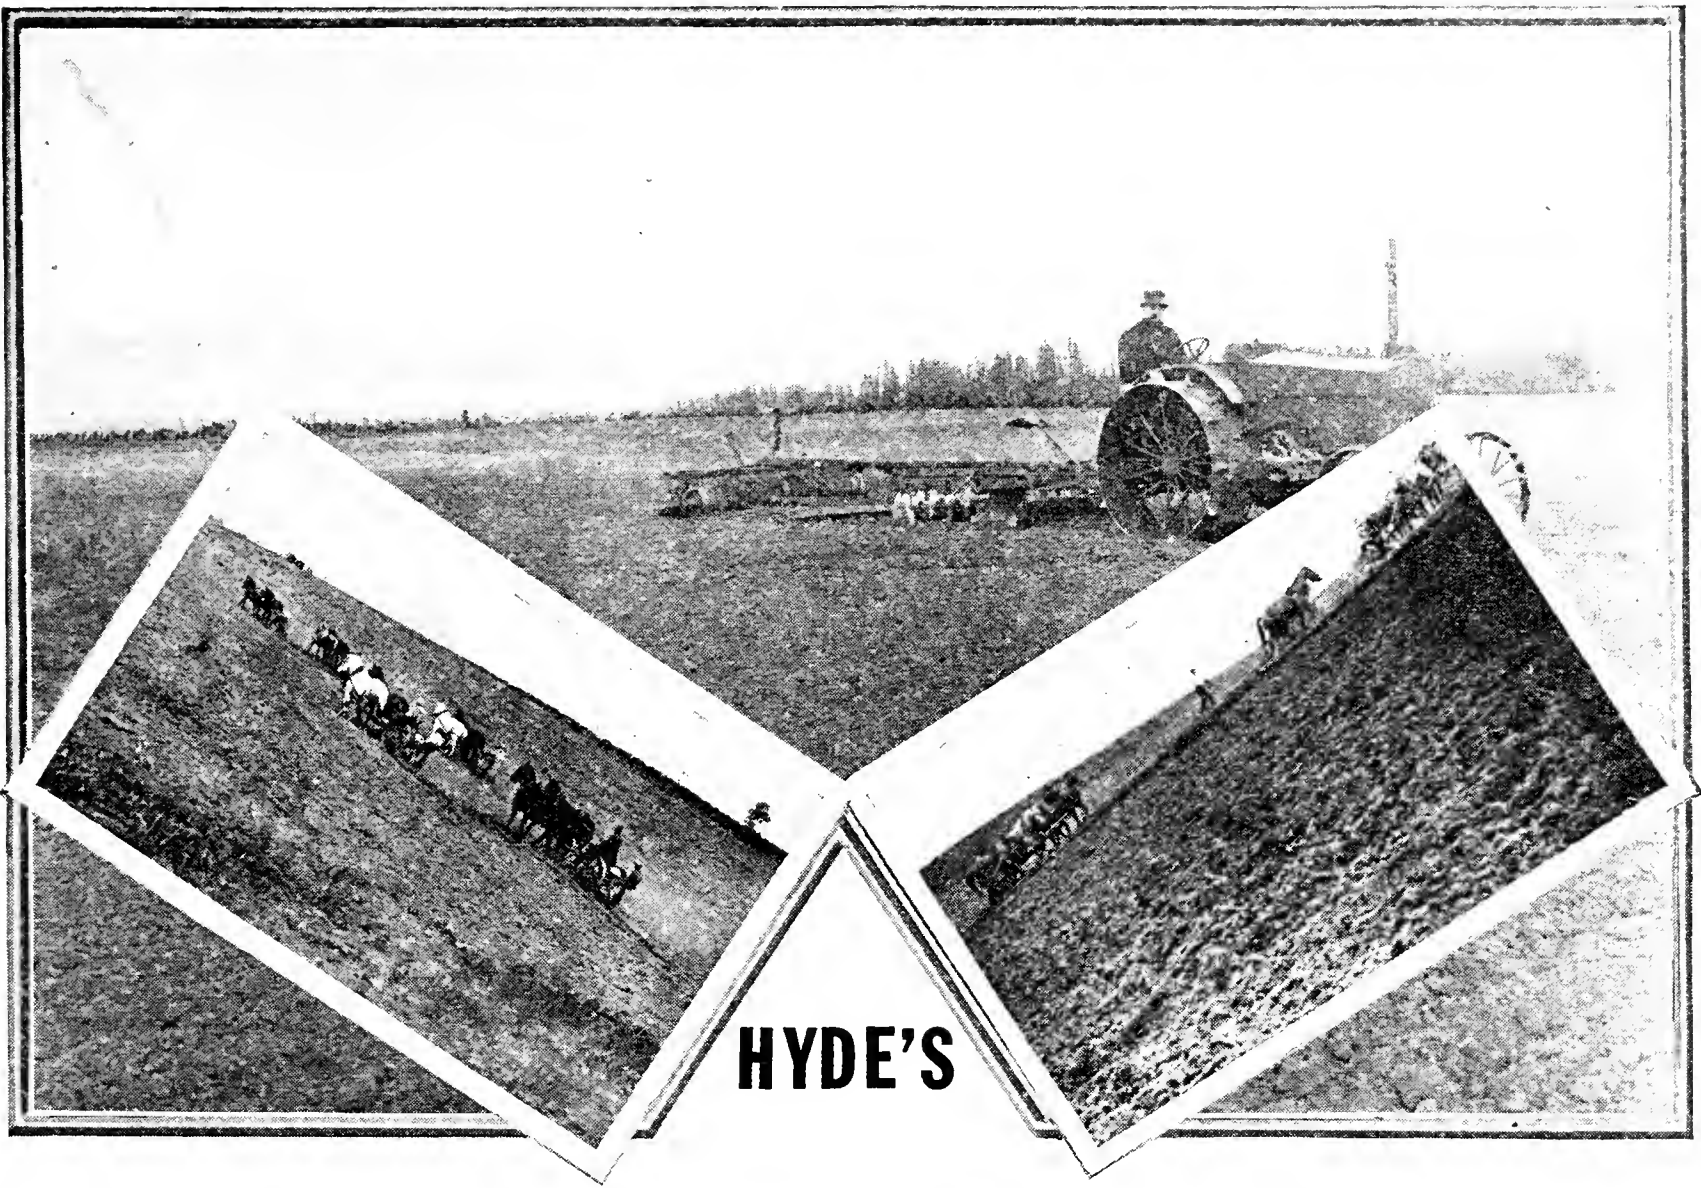

HORSERADISH—\$.10 each \$.75 dozen.

RHUBARB—\$.20 each. \$1.80 dozen.

Crimson Winter. Cherry. Strawberry.

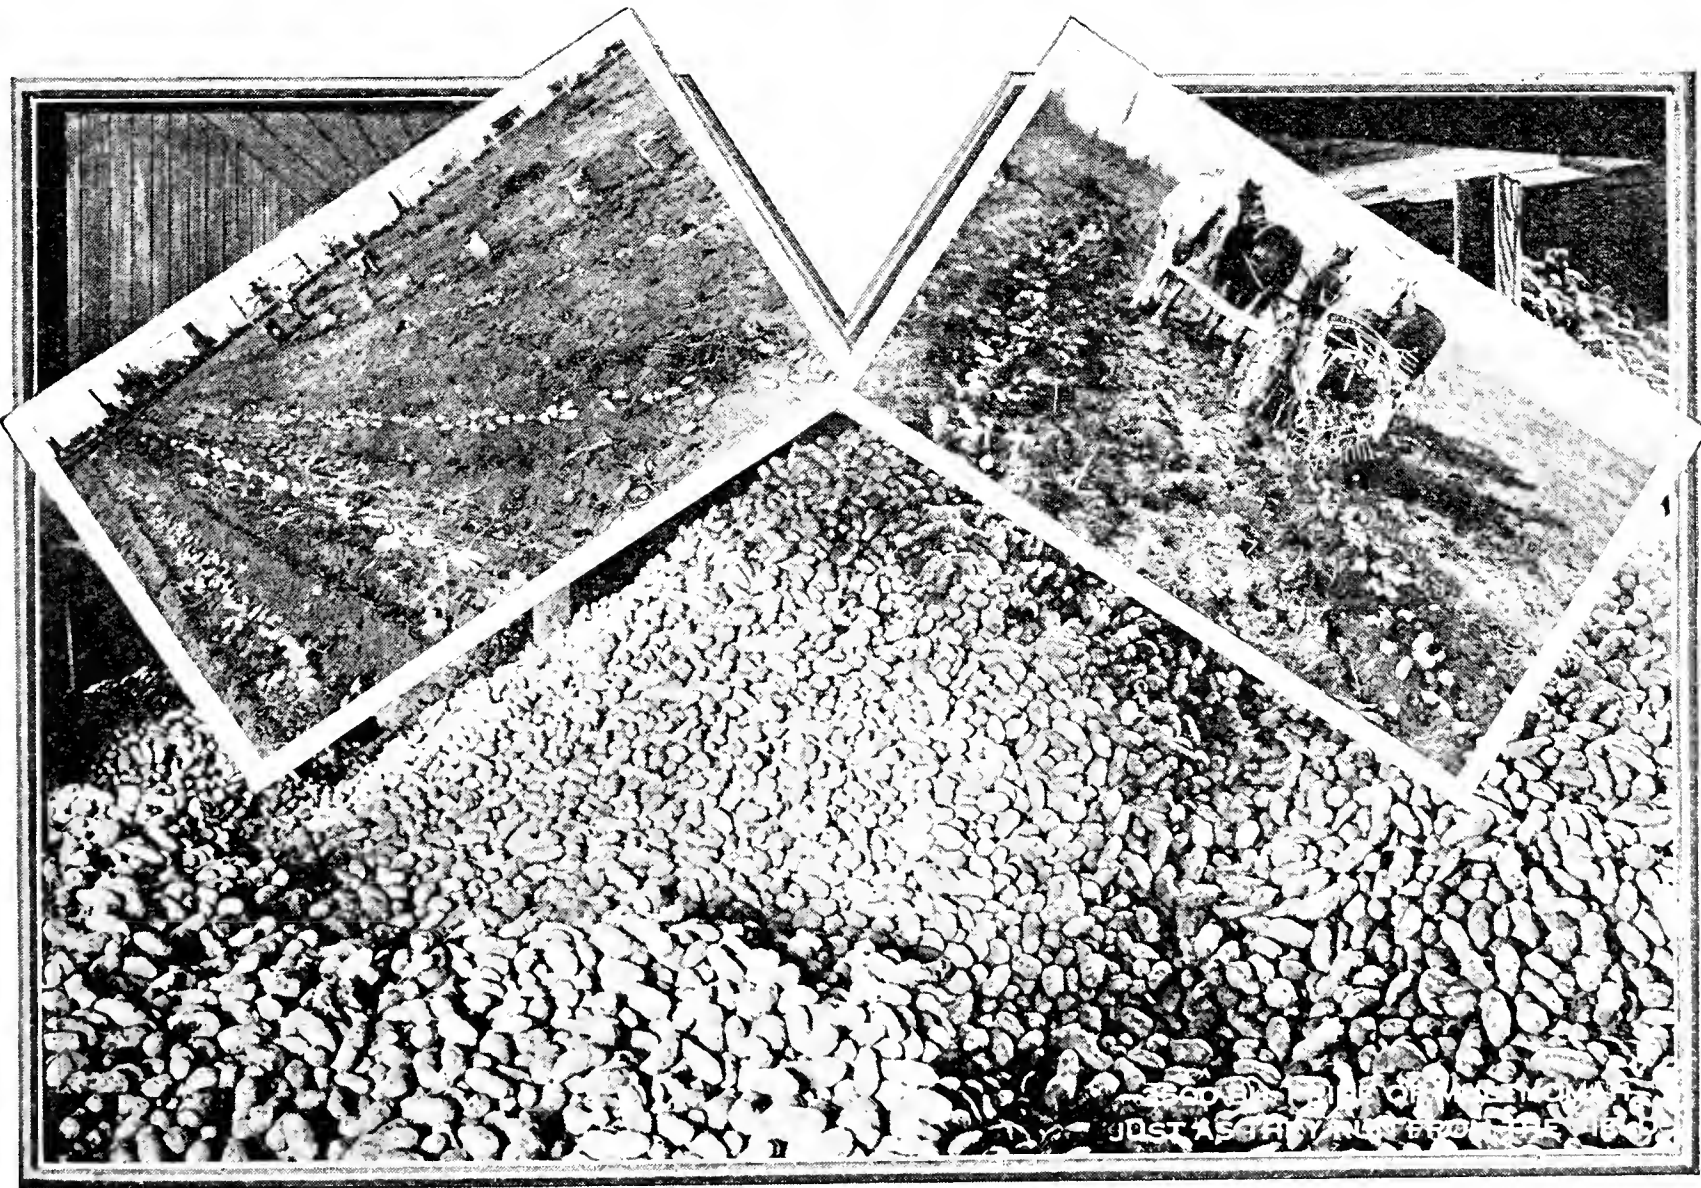

RHUBARB—Hyde's Improved Cherry
Larger, crisper and with a more delicious flavor. The variety quoted in market reports as "Watsonville Rhubarb" and which tops the prices obtained by the market gardeners.
\$.35 each. \$3.00 dozen.
Ask for quantity prices.

HYDE'S

NORTHERN GROWN

SEED POTATOES

SEED POTATOES
JUST AS THEY ARE FROM THE FIELDS

SEED POTATOES

Our Mr. H. A. Hyde was reared in the potato section of Aroostook County, Maine. For over a quarter century, we have worked with seed potatoes on the Pacific Coast. A reward to our efforts came in the year 1927 when a yield of 675 sacks was had from our seed in the Stockton Delta, taking the world's record away from the European Countries.

Annually, we ship many carloads from our north-west growing fields to all parts of the west. Our seed has found favor in Russia, England, Honolulu and other foreign markets. The Colma and Monterey early sections of California still ask for "Hyde's Garnets." Our Low Top Burbanks produce the world-famed "Salinas Burbank" and are used in Nevada, the Stockton Delta, and other sections. This season (1936) some of the earliest and best "Shafter crops" were from "Hyde Selected Wisconsin." We offer selected strains for the following varieties—a sack or a corload. Look for Hyde's Branded bag. Write for prices.

Hyde's Earliest of All—The finest quality early white potato. Ninety days from planting to harvesting. Requires good rich soil and an even moisture content at all times.

Garnet Chili—The best early red potato. Our seed has been built up by tuber indexing.

British Queen — A good yielder, but of poor quality.

Hyde's Low Top Burbank—World record strain. A good producer if you have real potato land. One of the best winter keepers.

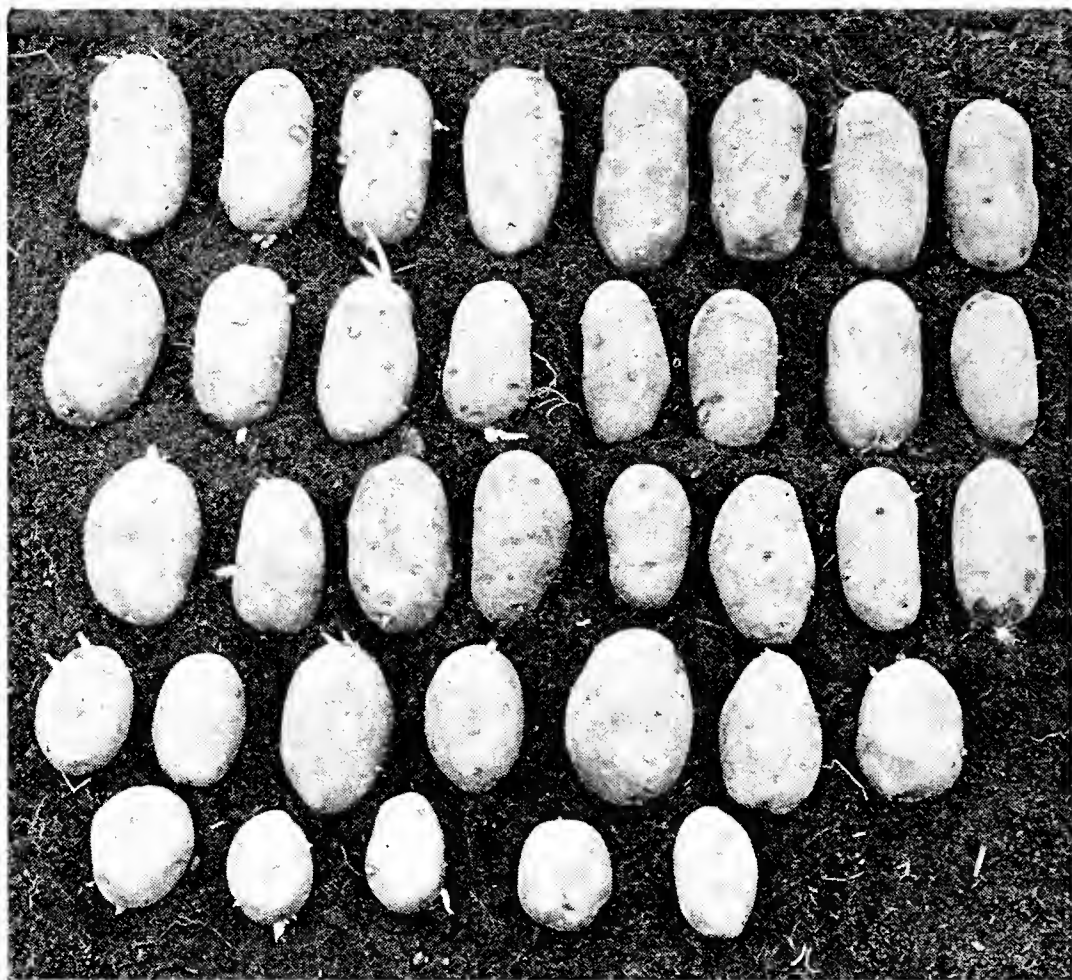

Netted Gem (Idaho Russett) Needs no description.

"Wisconsin" (White Rose)—The potato that has made Shafter famous. We have a superior strain and annually grow many carloads.

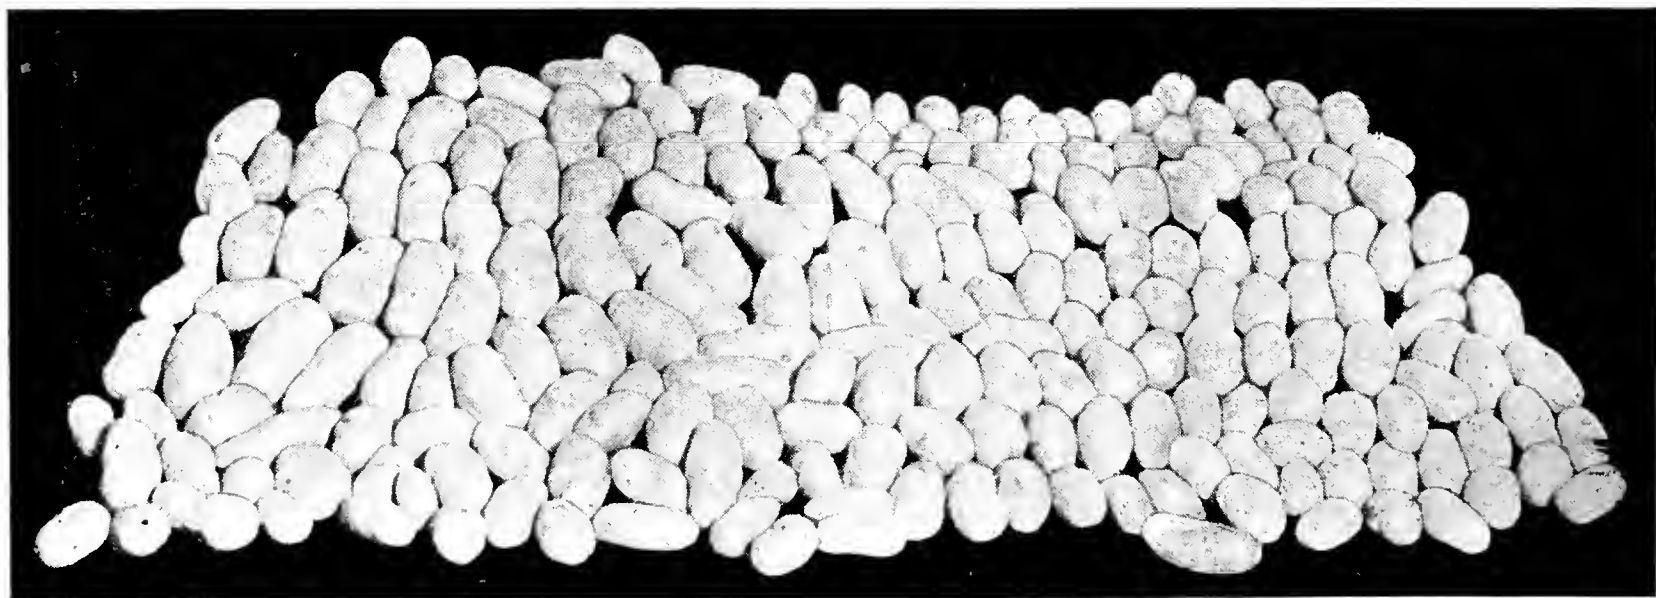

White Star — An old standard variety that made

Watsonville bottom land famous. For years, the Hyde Company had the Southern Pacific contract for baking potatoes from this strain. The tubers are often twelve to fourteen inches long; well-shaped and of splendid quality. A heavy yielder but must have proper conditions.

NOTE—Over the years, we have naturally gained stores of experience regarding soils, conditions, climates, methods of preparing the seed, treating, planting, and irrigating as well as harvesting and marketing, etc. Consult with us.

3 hills of our world-record Burbanks
(Note uniformity of type)

16 hills after 12 years of hill selection from one of our northern fields
